- MORE VERSATILITY.
- MORE RENTAL POTENTIAL.

BLUE DIAMOND ATTACHMENTS

**BUILT STRONG.
ATTACHED FOR LIFE.**

BUILT TO RENT. BUILT TO LAST.

MORE UPTIME. MORE VERSATILITY. MORE RENTAL POTENTIAL.

Rental equipment takes a beating. Blue Diamond® Attachments are built to handle demanding jobsites, repeated use, and the challenges of a busy rental fleet. With rugged construction, service-friendly designs, in-stock replacement parts, knowledgeable product support, and a broad selection of attachments, Blue Diamond helps rental dealers minimize downtime, maximize fleet utilization, and serve more customers.

DURABILITY

BUILT FOR RENTAL DEMANDS.

Heavy-duty construction, reinforced components, and quality materials help Blue Diamond attachments withstand tough working conditions and repeated rental use. Built for demanding applications, our attachments deliver dependable performance and lasting fleet value.

SERVICEABILITY

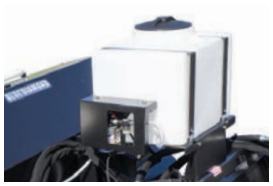

LESS TIME IN THE SHOP. MORE TIME ON RENT.

Maintenance-friendly designs, accessible service points, and replaceable wear components help simplify routine upkeep and repairs, keeping attachments ready for the next rental.

PARTS & SUPPORT

IN-STOCK PARTS — KNOWLEDGEABLE PRODUCT SUPPORT.

Access to in-stock replacement parts and an experienced Blue Diamond Product Support Team helps simplify maintenance, troubleshoot issues, and get attachments back into rental service faster.

MACHINE COMPATIBILITY

ONE FLEET. MORE POSSIBILITIES.

Attachment solutions for skid steers, compact track loaders, mini skid steers, excavators, and tractors provide flexibility across a wide range of equipment. Available mounting options and broad machine compatibility help maximize fleet utilization and serve more customers.

SPECIALTY ATTACHMENTS

MORE APPLICATIONS. MORE RENTAL OPPORTUNITIES.

From land clearing and site preparation to demolition, construction, landscaping, and material handling, Blue Diamond offers specialty attachments for a wide range of applications. Expand your rental offering, meet more customer needs, and capture opportunities beyond traditional equipment rentals.

MORE UPTIME. MORE VERSATILITY. MORE RENTAL POTENTIAL.

THE RIGHT ATTACHMENTS. THE RIGHT SUPPORT. A STRONGER RENTAL FLEET.

Explore our rental-ready attachment lineup at BlueDiamondAttachments.com.

SKID STEERS • MINI SKID STEERS • EXCAVATORS

BRUSH CUTTERS BUILT FOR RENTAL DUTY

Blue Diamond® brush cutters give rental fleets options for mini skid steers, skid steers and compact track loaders, and mini excavators. Broad hydraulic compatibility, reinforced steel decks, protected components, and rugged direct-drive systems help these cutters handle demanding jobs while staying productive rental after rental.

BRUSH CUTTER OPTIONS BY HOST MACHINE

84" DUAL MOTOR

84" WIDTH

- 3" cutting capacity
- Dual spindle cutting system, 4 heat-treated swing blades
- 80CC motor — recommended flow: 15-22 GPM
- 125CC motor — recommended flow: 23-30 GPM

EXTREME DUTY CLOSED FRONT

60" • 72" WIDTHS

- 6" to 8" cutting capacity
- Four motor options - 100CC, 160CC, 200CC, and 250CC
- 60" - 3 double-sided blades on 3/4" thick blade carrier
- 72" - 4 double-sided blades on 3/4" thick blade carrier

HEAVY DUTY CLOSED FRONT

60" • 72" WIDTHS

- 3" cutting capacity
- 3 double-sided drop-down blades on a steel blade carrier
- 11-26 GPM recommended flow
- 1/4" reinforced steel deck

MINI SKID CLOSED FRONT

36" • 42" • 50" WIDTHS

- 4" cutting capacity
- Closed front deck design w/front and rear chain guards
- High-torque 80CC geroler motor
- 3 double-sided cutting blades

HEAVY DUTY MINI EXCAVATOR

36" • 42" • 50" WIDTHS

- 4" cutting capacity
- 80CC and 100CC hydraulic motor options
- 3 - AR400 double-sided blades
- Greaseable direct drive system

SEVERE DUTY MINI EXCAVATOR

42" WIDTH

- 6" cutting capacity
- Designed for 10,000 - 19,000 lb mini excavator
- 16-26 GPM recommended flow range
- 80CC high torque piston motor

WHY IT WORKS FOR RENTAL

Built to stay in the rental rotation.

- Closed-front designs for controlled cutting
- Direct-drive systems deliver reliable power with fewer moving parts
- Reinforced decks and protected components
- Double-sided blades and service-friendly wear parts

4 HOST TYPES
MINI • SKID • EXCAVATOR • TRACTOR

AUGER OPTIONS BY HOST MACHINE

MINI SKID STEERS

EX1 — EX4 DRIVE RANGE

- For mini loaders under 33 HP
- 2" hex shaft; compact high-torque gearbox
- 8-23 GPM recommended flow
- Mini Universal and Bobcat MT mounts

SKID STEERS & CTLS

EX1 — EX7HF DRIVE RANGE

- EX1–EX7HF drive range
- Standard- and high-flow models
- 8–36 GPM recommended flow
- 2" and 2-1/2" hex or 2-9/16 round shaft options
- Telescopic mount increases reach and depth

EXCAVATORS

EX1 — EX7HF DRIVE RANGE

- 18" x 19" adapter plate supports pin-on, pin-grabber and wedge-lock mounts
- For excavators under 17,600 lbs
- Bit extensions extend drilling depths

WHY IT WORKS FOR RENTAL

High-repeat drilling jobs customers already rent for.

- One family covers fence posts, signs, tree planting, utilities and foundations
- Heavy Duty Earth, Rock and Tree Bits for different ground conditions
- 5-year gearbox, 3-year motor and lifetime shaft pull-out warranty support rental confidence
- Rental-Friendly Design — One drive for multiple machines — change the mount, not the drive
- Replaceable teeth, pilots, extensions and adapters simplify fleet support

COLD PLANERS BUILT FOR RENTAL DUTY

Blue Diamond® cold planers help rental fleets turn skid steers, compact track loaders, and mini excavators into pavement repair, trench prep, and surface-removal machines. Self-leveling milling control, side shift, tilt, direct-drive power, and service-friendly teeth help renters cut asphalt or concrete accurately while rental teams keep attachments ready for the next job.

12 - 50 GPM	12″ — 48″	UP TO 6.7″
FLOW COVERAGE	GRINDING WIDTHS	MILLING DEPTH

COLD PLANER OPTIONS BY HOST MACHINE

SKID STEER LOW FLOW

14” • 16” WIDTHS

- 14” and 16” widths
- 12 — 30 GPM range
- Up to 5.9” cutting depth
- Standard-flow rental starter and 8” tilt on all models
- Easy depth and tilt adjustments

SKID STEER HIGH FLOW

18” TO 48” WIDTHS

- 18”, 20”, 24”, 30”, 40”, 48” widths
- 27 — 50 GPM range
- Self-leveling for constant depth
- Electronic side shift, tilt, and L/R depth
- 24” core sizes; 30” — 40” production

MINI EXCAVATOR

12” • 16” WIDTHS

- 12” and 16” widths
- 12 — 29 GPM range
- Up to 5” cutting depth
- Direct-drive Geroler motor; no case drain required
- Multiple mount options

WHY IT WORKS FOR RENTAL

High-demand asphalt attachments = increased rental income.

- One attachment for potholes, overlays, utility cuts, curb lines, drainage and surface prep
- Models for standard-flow skid steers, high-flow CTLs and mini excavators
- Self-leveling, depth, tilt and side shift features help renters get professional results quickly
- Direct drive, replaceable carbide teeth, water-kit options and easy-access wear parts
- Turns common host machines into compact pavement-milling systems for specialty rental applications

LAND & SITE PREP ATTACHMENTS BUILT FOR RENTAL

One rental fleet can cover every stage of ground preparation. Blue Diamond® offers purpose-built attachments for breaking and blending soil, conditioning, seedbeds, separating rock and debris, shaping grade, and leveling finished surfaces. Mini skid steer and skid steer / CTL options help rental yards served tight-access landscaping work and larger site-prep jobs with durable, serviceable tools matched to distinct customer needs.

A TOOL FOR EACH STAGE OF SITE PREPARATION

ROTOTILLERS

48”• 56” MINI — 68” • 76” SS WIDTHS

- Mini: 48” / 56” widths and 6” till depth
- Skid steer: 68” / 76” widths and tills up to 8” deep
- 12 GPM min for mini and 15 — 23 GPM for skid steers
- Bi-directional direct drive and replaceable tines

POWER RAKE

48”• 60” • 72” MINI — 72” • 84” • 96” SS WIDTHS

- Mini: 48”, 60” and 72” widths and 15 — 24 GPM
- Extreme Duty: 72” — 96” widths and 15 — 26 GPM
- Manual or hydraulic angle configurations
- Fixed steel and carbide tooth options

HYDRAULIC ROCK RAKE

68” WIDTH

- 68” working width and 13 — 23 GPM
- Collects debris from 3/4” to 8”
- 12 replaceable AR400 rake bars
- Hydraulic hood and high capacity integrated bucket

COMPACT PLATE COMPACTOR

12” • 16” • 24” WIDTHS

- 24”, 32”, and 48” lengths
- Three compactor models for carrier weights from 5,000 to 42,000 lbs
- Compact steel frame with large rubber shock absorbers for strength and low vibration
- Internal flow regulation and anti-cavitation valves protect the motor and seals

LAND PLANES

49” MINI — 72” • 84” SS WIDTHS

- 49” mini and 72” / 84” skid steer widths
- Four 1/2” x 4” heavy-duty cutting edges
- Grades and levels in forward or reverse
- Mini Universal, Bobcat MT and Universal Skid Steer mounts

WHY IT WORKS FOR RENTAL

- Five distinct jobs — from soil breakup to final leveling and compacting
- Mini and full-sized options expand the customer base
- Replaceable wear items help simplify upkeep
- Clear tool-to-job choices make counter recommendations easier

QUICK RENTAL MATCH

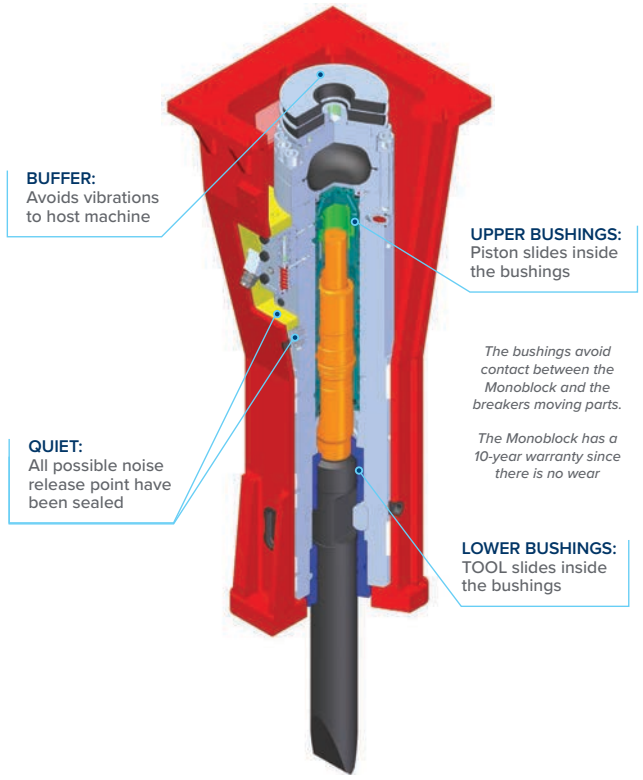

ROTOTILLER → Break & mix soil
POWER RAKE → Condition & finish
ROCK RAKE → Separate rock & debris
6-WAY DOZER → Level & compact
LAND PLANE → Level & smooth

SKID STEERS • MINI SKID STEERS • EXCAVATORS

BREAKERS BUILT FOR RENTAL DUTY

Blue Diamond® hydraulic breakers give rental fleets a durable breaker line for mini skid steers, skid steers, compact track loaders and excavators. A mono-block housing, only two internal moving parts, no nitrogen regassing and broad carrier compatibility help reduce service complexity, protect the attachment investment and keep breakers earning rental returns.

3 YEAR	10 YEAR	2 PARTS
INDUSTRY LEADING WARRANTY	MONO-BLOCK CORE WARRANTY	SIMPLIFIED INTERNAL DESIGN

WHY IT WORKS FOR RENTAL

- **Mono-block housing eliminates tie-rod service points**
- **Two moving internal parts simplify diagnosis and repair**
- **Sealed accumulator reduces routine regassing needs**
- **Anti-blank-fire protection helps guard against operator misuse**
- **Interchangeable mounting brackets offer fleet flexibility**
- **Multiple breaker tool options**

BREAKER OPTIONS BY HOST MACHINE

MINI SKID STEER

CARRIERS FROM 1,500 TO 9,900 LBS

- **HB50 — HB210 for 1,500 — 9,000 lb carriers**
- **7 — 16 GPM covers compact rental machines**
- **Mini Universal, Bobcat MT, ASV, and Avant mounts**
- **Tight-access concrete, asphalt, and utility work**

SKID STEERS & CTLS

6 MODELS FOR 2,650 — 25,350 LB CARRIERS

- **Six models for 2,650 — 25,350 lb carriers**
- **11 — 32 GPM fits common rental fleet hydraulics**
- **Universal skid steer mount with hoses and couplers**
- **Energy recovery and vibration-dampening design**

EXCAVATORS

12 EXCAVATOR MODELS

- **Twelve models from mini to full-size excavators**
- **1,500 — 110,000 lb carrier coverage**
- **200 — 1,000 ft-lb energy classes**
- **Mounts available for most excavator models**

CORE RENTAL MODEL GUIDE

HOST / MODEL	CORE USE	ENERGY	FLOW	CARRIER RANGE	RENTAL FIT
HB50 / HB95	Mini skid / compact excavator	200 — 300 ft-lb	7-11 GPM	1,500 — 4,000 lb	Compact access
HB165 / HB210	Mini skid / compact utility	500 — 900 ft-lb	13-16 GPM	4,000 — 9,900 lb	Daily rental
HB300 / HB400	Skid steer / compact excavator	1,200 — 1,500 ft-lb	21-29 GPM	8,800 — 20,900 lb	High use
HB530	Large CTL / compact excavator	1,800 ft-lb	32 GPM	17,650 — 25,350 lb	Fleet bridge
HB950	Mid excavator demolition	2,200 ft-lb	34 GPM	22,000 — 33,000 lb	Heavy rental
HB1400 / HB3000	Large excavator work	5,000 — 11,000 ft-lb	37-75 GPM	30,000 — 110,000 lb	Infrastructure / Demolition

GRAPPLES BUILT FOR RENTAL DUTY

Blue Diamond® grapples give rental fleets the versatility to tackle demanding material-handling jobs across construction, landscaping, agriculture, and forestry. Built for handling logs, brush, debris, rocks, and bulky materials, grapples let renters take on jobs that a standard bucket can't. Durable construction and protected hose routing help them stand up to tough rental use while delivering the versatility customers look for.

GRAPPLE OPTIONS BY HOST MACHINE

MINI SKID STEER

36" • 42" • 44" • 50" WIDTHS

- Root, rock, rake and bucket grapples
- Dual and single clamp
- Protected cylinders, hoses, and greaseable pivot points
- High-value rental for landscape and fence-line cleanup

SKID STEERS & CTLS

60" to 84" WIDTHS

- Rock bucket, HDX, root, bucket and rake grapples
- Grapples available for 50 HP to 100 HP
- Dual clamps secure uneven and bulky material
- Sifting, sorting, and cleanup for rocks, roots, and demo
- Protected hydraulics and no-pinch hose routing

SPECIALTY HANDLING

LOG & MAT GRAPPLE

- Rotating Log Grapple: 2,500 lb capacity • opens to 63"
- Mat Grapple Fork: 10K lb cap., Class III tines • 6-16 GPM
- For tree work, utility, pipeline, and material handling
- Dedicated solutions for high-ticket rental applications

WHY IT WORKS FOR RENTAL

Rugged grapples that tackle every rental job.

- More attachment choices help counters match the grapple to the cleanup job
- Protected hydraulics and greaseable pivots support uptime
- Dual clamps and heavy tine construction help renters control irregular loads
- Rock, root, rake, bucket, log and mat grapple options increase utilization

RECOMMENDED MODELS

Severe Duty Rock Bucket Grapple		72" – 84" widths • up to 100 HP • 3" tine spacing • dual 3/4" thick hydraulic top clamps
HDX Rock Bucket Grapple		72" width • up to 75 HP • 3" tine spacing • dual 1/2" thick hydraulic top clamps
Severe Duty Root Grapple		66" – 84" widths • up to 100 HP • 8" tine spacing • dual 3/4" thick hydraulic top clamps
Mini Root Grapple		36" – 50" widths • single or double clamp • mini universal or Bobcat MT mounts

Severe Duty Grapple Bucket		60" – 84" widths • up to 14 cu ft • dual 3/4" thick hydraulic top clamps • demo / recycling
Severe Duty Grapple Rake		72" – 84" widths • opens to 58" • cast teeth • independent dual top clamps
Rotating Log Grapple		2,500 lb lift capacity • opens to 63" and closes to 4"
Severe Duty Mat Grapple Fork		48" – 96" tine lengths• 10,000 lb lifting capacity • up to 75 HP • Class III tines

SKID STEERS • EXCAVATORS

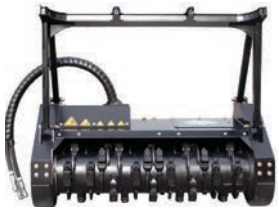

DRUM MULCHERS BUILT FOR RENTAL DUTY

Blue Diamond® drum mulchers give rental customers the power to take on tough brush, overgrowth, and land-clearing jobs. Built with high-strength steel, reinforced components, and durable wear parts, they're made to handle demanding conditions day after day. With multiple duty options and 7"-10" cutting capacity, Blue Diamond drum mulchers offer the versatility rental customers need—and the rugged performance rental fleets can count on.

DRUM MULCHER OPTIONS

SEVERE DUTY - SKID STEER

60" • 70" • 79" WIDTHS

- Innovative bite control drum maximizes efficiency
- Heat-treated, reversible counterblades
- Handles material up to 10"
- 34-tooth drum with bite limiter drum
- Carbide or chipping teeth options

EXTREME DUTY AND SEVERE DUTY - EXCAVATOR

Extreme Duty

50" WIDTH

- 24,000 to 37,000 lb excavator size
- 7" diameter cutting capacity
- Variable displacement (55 - 85CC Bosch Rexroth)
- Adjustable hydraulic gate
- Carbide or chipping teeth options

Severe Duty

40" • 50" WIDTHS

- 37,000 to 49,000 lb excavator size
- 8" diameter cutting capacity
- Variable displacement (80 - 115CC Bosch Rexroth)
- Adjustable hydraulic gate
- Carbide or chipping teeth options

WHY IT WORKS FOR RENTAL

Rental-ready forestry packages increase rental revenue.

- Choose from different duty levels to match customer applications and machine capabilities
- 7" – 10" cutting capacity handles brush, overgrowth, and small trees with serious mulching power
- High-strength structural steel, polychain carbon fiber drive belts, variable-displacement hydraulic motors, and reinforced components handle demanding clearing work, stand up to demanding jobs, and frequent use
- Wear-resistant skids and reversible, heat-treated counterblades help extend service life
- Ideal for contractors, landscapers, farmers, and landowners tackling clearing, reclamation, and property maintenance

RECOMMENDED PARTS & ACCESSORIES

Chipping Tooth Kit

Used for clean, low-impact, soft-to-medium soils and above-ground timber

Carbide Tooth Kit

Used for abrasive, rock, and high-impact ground surfaces

Optional Brush Rake

Helps push, guide, and position standing brush or small trees into the cutting teeth • fits severe and extreme duty excavator drum mulchers

SKID STEERS • MINI SKID STEERS • TRACTORS

PALLET FORKS BUILT FOR RENTAL DUTY

Blue Diamond® pallet forks are a must-have for rental fleets because they deliver the versatility customers need for material handling, loading, unloading, landscaping, construction, and general jobsite work. Built for tough rental environments, they give operators a simple, dependable attachment that works with a wide range of skid steers and compact equipment. Their broad range of applications means more rental opportunities, while their rugged construction helps withstand the demands of frequent use.

MULTI-PURPOSE — PALLET FORKS FOR EVERYDAY USE

HEAVY DUTY PALLET FORKS

48” • 60” • 72” TINES

- 5,000 lb lift capacity
- Class II tines
- Reinforced brick guard & quick-attach
- Universal skid steer mount

STANDARD DUTY PALLET FORKS

48” • 60” • 72” TINES

- 4,000 lb lift capacity
- Heavy duty powder coated frame
- Non-floating adjustable class II tines
- Universal skid steer mount

NURSERY FORKS

Severe Duty

65” FORK LENGTH

- 3,000 lb lift capacity
- 54” maximum opening width
- 4” minimum closing width
- Protected hydraulic cylinder

Standard Duty

65” FORK LENGTH

- 2,500 lb lift capacity
- 60” maximum opening width
- 3” minimum closing width
- Heavy-duty hydraulic cylinder

SPECIALTY — PALLET FORKS FOR SPECIAL APPLICATIONS

HEAVY DUTY WIDE FRAME FORK

60” OR 72” ADJUSTABLE CLASS II TINES

- 6,000 lb lifting capacity
- Heavy-duty 72” wide frame
- Low-profile 22” frame height
- Universal skid steer mount

SEVERE DUTY HYDRAULIC FORK

48” • 60” • 72” TINES

- 6,000 lb lifting capacity
- 46” wide x 42” height
- 43” fully open, 11 fully closed
- Universal skid steer mount

TRAILER SPOTTER

10,000 LB PULL CAPACITY

- 3,500 lb tongue weight capacity
- Accepts 2” trailer hitch
- Steel construction
- Universal skid steer mount

WHY IT WORKS FOR RENTAL

Easy attachment to rent with a variety of machines.

- Load, unload, and transport palletized materials around jobsites
- Handle lumber, building supplies, pipe, blocks, and other heavy materials
- Move mulch, pavers, sod, plants, and landscape materials with ease
- Transport feed, seed, hay, equipment, and supplies
- A versatile attachment that adds material-handling capability to nearly any skid steer rental

SKID STEERS • MINI SKID STEERS • TRACTORS

BUCKETS BUILT FOR RENTAL DUTY

MULTI-PURPOSE — BUCKETS FOR EVERYDAY USE

UTILITY - HIGH CAPACITY

72” • 78” • 84” • 90” • 96” WIDTHS

- Tooth or smooth cutting edge
- 19.71 — 26.19 cu. ft.
- 1/2” thick backwall

SEVERE DUTY LOW PROFILE

66” • 72” • 78” • 84” WIDTHS

- Tooth or smooth cutting edge
- 11.4 — 17.5 cu. ft.
- Standard low profile & long bottom models

ROCK BUCKET

66” • 72” • 78” • 84” • 96” WIDTHS

- 19” bucket height & 34” depth
- Standard Duty — 3/8” tines • 3” spacing
- Extreme Duty — 1/2” tines • 3” spacing

HEAVY DUTY MINI LOW PROFILE

36” • 42” • 44” • 48” • 52” • 60” WIDTHS

- 15” or 20” back heights
- Tooth or smooth cutting edges
- 25” bottom depth

Blue Diamond® buckets are built to give rental companies a versatile, durable attachment that works across a wide range of jobs. From moving dirt and gravel to loading, grading, landscaping, and general material handling, these buckets help rental fleets serve more customers with one dependable attachment. Heavy-duty construction and rugged components are designed to handle demanding rental environments while providing reliable performance job after job.

SPECIALTY — BUCKETS FOR SPECIAL APPLICATIONS

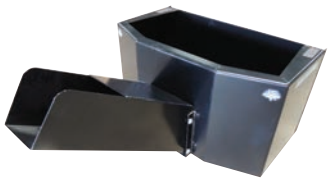

STUMP BUCKET

12” WIDTH • 56” LENGTH

- 1/2” thick steel side & bottom plate
- 1” thick x 8” wide cutting edge
- 3 replaceable side pin cast teeth

DISPENSING BUCKET

1/2 YARD OR 3/4 YARD CAPACITY

- Standard chute or hydraulic door
- Splash guard
- Removable chute for easy cleaning/ transport

SLAB BUCKET

24” WIDTH

- 3/4” steel sides and 3/8” steel bottom
- 1” x 8” reinforced cutting edge
- 3 replaceable cast teeth

4-IN-1 BUCKET

66” • 72” • 78” • 84” WIDTHS

- 39” bucket opening
- 13.9 — 17.7 cu. ft.
- Tooth or smooth cutting edge

WHY IT WORKS FOR RENTAL

Easy attachment to cross-rent with a variety of machines.

- Handle dirt, gravel, mulch, snow, and debris
- Ideal for construction, landscaping, agriculture, and property maintenance
- Attachment that renters can put to work quickly with little or no setup
- One bucket can serve countless jobs, helping keep rental equipment working
- More options let rental customers handle bulk materials, rocks, stumps, snow, grading, and controlled material placement

SKID STEERS • MINI SKID STEERS

TRENCHERS BUILT FOR RENTAL DUTY

Blue Diamond® skid steer and mini skid steer trenchers are a smart addition to any rental fleet, giving contractors a dependable solution for irrigation, electrical, drainage, utility, and landscaping work. With multiple digging widths and depth options, they can handle a wide range of jobs while fitting the machines renters already use. Durable construction and easy operation make them ideal for frequent rental use, helping companies serve more customers with one versatile attachment.

TRENCHER OPTIONS

MINI TRENCHER

4” • 6” • 8” CHAIN WIDTHS

- Cutting depths up to 36”
- 10-25 GPM recommended flow
- Dirt, combo and rock chain styles for different soil conditions
- Adjustable skid foot has 3 preset digging depths are 24”, 30”, and 36”

SEVERE DUTY TRENCHER

6” • 8” • 10” • 12” CHAIN WIDTHS

- Cutting depths up to 60”
- 28-45 GPM recommended flow
- Combo and rock chain styles for different soil conditions
- Adjustable skid foot has 4 preset digging depths: 30”, 40”, 48”, and 60”

WHY IT WORKS FOR RENTAL

Tough trenchers built for dependable rental performance.

- Heavy-duty construction handles demanding trenching applications
- Choose from Dirt, Combo, and Rock chains to match the job and tackle a wide range of soil conditions
- Extended spoil auger helps clear dirt from the trench
- Helps keep the trench clean and improves digging performance in changing ground conditions

RECOMMENDED PARTS AND ACCESSORIES

ONE TRENCHER. MORE JOBS.

Offer multiple chain configurations to match soft soil and ground conditions. The right chain helps customers trench faster while reducing wear, downtime, and unnecessary damage — giving rental fleets greater versatility and utilization.

Trencher Chains

COMBO CHAIN
Cuts through hard soil, tree, roots, soft shale, or rocky ground

ROCK CHAIN
Best for used on frozen or rocky ground, hard shale, and rocks

DIRT CHAIN
Best for use on soft dirt or clay without roots and rocks

SKID STEERS • MINI SKID STEERS • EXCAVATORS • TRACTORS

TREE & LANDSCAPING BUILT FOR RENTAL DUTY

EXTREME DUTY STUMP GRINDER

24" • 26" CUTTING WIDTHS

- High-torque radial piston motor with 3 low-flow and 3 high-flow options
- 16-45 GPM recommended flow
- Heavy-duty 1" thick grinding wheel
- Replacement tooth kits available

25-TON LOG SPLITTER

SPLITS LOGS UP TO 24" LONG

- 25 tons of hydraulic splitting force
- Operates in horizontal & vertical positions
- Heavy-duty 4" bore x 24" stroke cylinder
- Durable 1.25" chrome-plated cylinder rod
- Heavy-duty welded steel construction

HEAVY DUTY TREE PULLERS

11" OPENING WIDTH

- 19" clamp w/2 rows of serrated teeth
- Enclosed cylinder protection
- Heavy pins and greaseable bushings at pivot points
- Hoses and couplers included

TREE SHEAR

CUTS UP TO 12" OF MATERIAL

- 5" X 12" cylinder
- 29 tons or cutting force at 2,500 PSI
- Cutting head rotates 90 degrees
- 1" thick T1 steel cutting edge
- Excellent visibility

Blue Diamond® farm and agriculture attachments give rental companies the versatility to serve farms, ranches, landscapers, and rural property owners. From stump grinders, log splitters, tree pullers, and tree shears to vibratory post drivers, tree booms, and sod rollers, these attachments handle everything from land clearing and firewood processing to fence installation and landscaping. Rugged, purpose-built designs give rental fleets more ways to meet customer demand and keep equipment working across a wide range of jobs.

VIBRATORY POST DRIVER

4" • 6" • 9" • 10", 12" ADAPTERS

- 7-26 GPM recommended flow
- Sealed, oil-filled vibration system
- Optional tilt function
- High-frequency vibratory driving
- Heavy-duty enclosed housing

HEAVY DUTY TREE BOOM

75" OVERALL LENGTH

- 5,000 lb lifting capacity
- Adds 56" of reach
- 4" square x 3/8" thick main boom
- 1 additional chain hook point aside from the main hole and mount gussets

SEVERE DUTY TREE BOOM

78" OVERALL LENGTH

- 6,000 lb lifting capacity
- Safety steps for easy access
- Reinforced mount for added strength
- 3/4" main hole for clevis
- 3 tie-off points for securing cargo

SOD ROLLER

36" • 42" • 50" WIDTHS

- Rolls either in forward or in reverse
- Fixed and adjustable roll width options
- Easy to use and adjustable
- 3,000 lb capacity on adjustable models
- Universal skid steer mount

WHY IT WORKS FOR RENTAL

Farm & agriculture attachments for a variety of machines.

- Handle grading, tilling, brush cutting, material handling, and farm maintenance
- Serve farmers, ranchers, landscapers, and property owners with one fleet
- Rugged attachments designed for demanding agricultural applications
- Expand the capabilities of skid steers, compact tractors, and mini skid steers
- Give renters multiple tools to get more work done with the equipment they already have

SKID STEERS • MINI SKID STEERS

BROOMS BUILT FOR RENTAL DUTY

Blue Diamond® angle brooms and pickup brooms are valuable additions to rental fleets, providing dependable solutions for clearing dirt, gravel, snow, debris, and jobsite materials. Their versatility makes them useful for construction, landscaping, road maintenance, parking lots, and property cleanup. With rugged construction and multiple sweeping options, rental companies can offer customers more ways to get the job done with the skid steer or compact equipment they already have.

BROOM OPTIONS

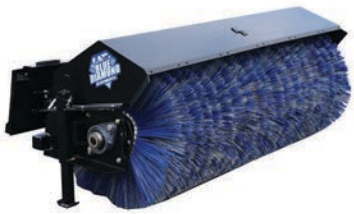

PICKUP BROOM

60” • 72” • 84” • 96” WIDTHS

- 26” diameter poly/steel bristles for aggressive sweeping with bolt-on rubber skirting
- Reinforced 7” front crash bar protects against impact damage
- Heavy-duty 2” main shaft with oversized 6” bearings
- Motor and shaft guard for longevity and heavy duty dump stops for structural integrity
- 1-1/2” x 7” zinc height adjustment pins with four adjustable positions
- Universal skid steer and mini mounts

SEVERE DUTY ANGLE BROOM

84” • 96” WIDTHS

- 32” bristles with poly and poly-steel bristles available
- Hydraulic angle and bristles operate simultaneously
- Oversized main shaft spindles and massive bearings for durability
- Pivot angle is 30 degrees; a welded heavy-duty cylinder
- Bi-directional motor with 15-25 GPM recommended flow
- Universal skid steer and mini mounts

WHY IT WORKS FOR RENTAL

Powerful brooms that keep rental jobs clean and moving.

- **Clear dirt, gravel, snow, leaves, and jobsite debris**
- **Angle brooms for pushing; pickup brooms for collecting debris**
- **Built for demanding rental and jobsite conditions**
- **Ideal for construction, landscaping, roadwork, and property maintenance**
- **Expand skid steer capabilities with attachments customers can use year-round**
