

COLD PLANER

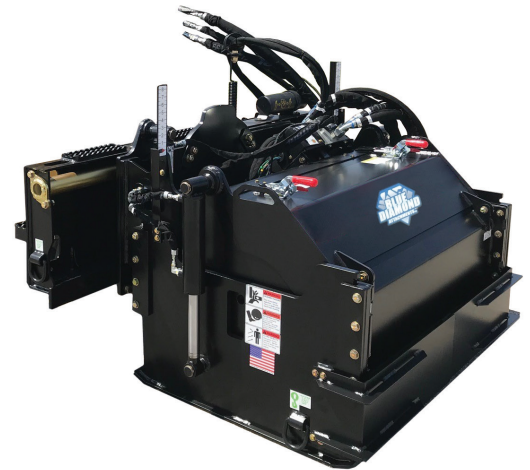

SEVERE DUTY HIGH-FLOW

The Blue Diamond® Cold Planer uses the most trusted components in the industry, from the Sauer piston motor, to the Fairfield planetary hub featured in the high-flow models. These high end components, combined with the highly engineered design, makes this one of the most reliable units available for a skid steer attachment.

FEATURES INCLUDE

- Hydraulic adjustment controls
- Hydraulic side shift
- High drum weight = less vibration
- 1 1/2" thick drum tube
- Easy access tooth replacement
- Water kit available
- Fine-cut drum available
- Hard facing & stand-off blocks
- 18" - 48" grinding widths
- Up to 8" cutting depth

Applications Include:

- Removing asphalt surfaces prior to overlay
- Widening shoulders
- Repairing potholes
- Restoring drainage lines
- Mixing stabilizing agents into base for a more durable repair

PART NUMBER	MODEL	# OF TEETH	MIN-MAX FLOW	MIN-MAX PRESSURE	WEIGHT
160810	18" Severe Duty	46	24-45 GPM	2000-3500 PSI	1,990 lbs
160810-HP	18" Severe Duty	46	30-45 GPM	3000-5000 PSI	2,050 lbs
160815	24" Severe Duty	56	27-45 GPM	2000-3500 PSI	2,300 lbs
160815-HP	24" Severe Duty	56	30-45 GPM	3000-5000 PSI	2,300 lbs
160820	30" Severe Duty	66	30-45 GPM	2500-3500 PSI	2,770 lbs
160820-HP	30" Severe Duty	66	32-45 GPM	3000-3500 PSI	2,550 lbs
160825	40" Severe Duty	76	30-45 GPM	3000-3500 PSI	2,975 lbs
160825-HP	40" Severe Duty	76	32-45 GPM	3000-3500 PSI	3,000 lbs
160830-HP	48" Severe Duty	106	34-45 GPM	3250-5000 PSI	3,200 lbs
