- 44" cut
- 4" cutting capacity
- Requires case drain
- Optional universal, 8 pin or 14 pin wiring harness are available

The Blue Diamond® Swing Arm Cutter is a great implement to add to your collection. It is designed for cutting banks, right of ways, and fence lines. The cutter also works great for clearing pond banks and cutting trails. This cutter has a significant reach advantage over our typical cutter.

With a reach of 96" when extended horizontally and a vertical reach of 16', it makes clearing unwanted tree limbs less of a hassle. The cutter will also swing to the right and can be used as a side cutter. It is powered by a Gerolar or direct drive piston motor with a bearing housing with a 4000 max PSI. The Gerolar motor requires 14-20 GPM and the piston motor requires 17-30 GPM.

The one year warranty does not cover the blades and hoses.

Part Numbers: 103870, 103875
