

# BLOCK & BRICK PALLET FORKS

The Blue Diamond® Heavy and Standard Duty Block & Brick Pallet Forks are available to fit large frame track loaders and wheel loaders that have the skid steer quick attach. The cutout in the backrest offers easy cab entry for skid steers and also is designed to clear center linkage on wheel loaders. The Class 3 frame can accommodate a number of fork lengths from 48" to 72".

## FEATURES INCLUDE

- Tines fit any Class 2 fork frame
- 3,600 - 4,800 lbs capacity
