

AUGER DRIVE MINI

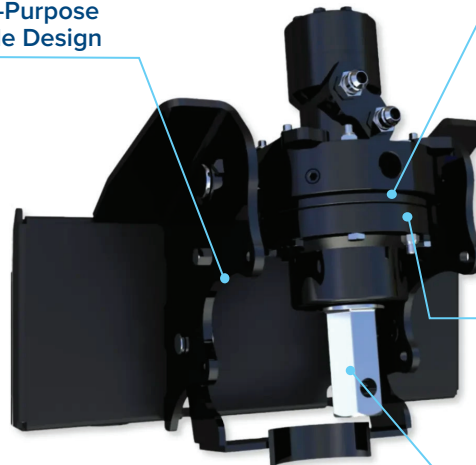

Multi-Purpose
Cradle Design

Compact High
Torque Gearbox

2-Way & 4-Way
Swing

2" Hex
Output Shaft

The **Blue Diamond® Mini Auger** drives are designed for most mini skid steer and small compact track loaders under 20 HP. Efficient design delivers 2,119 ft.-lbs. of torque at 3000 PSI for powerful drilling in challenging soil conditions.

Choose the 2-way (fore/aft) swing auger drive for standard applications such as post hole drilling, piers, fencing, and general-purpose use.

For sloped terrain—especially where side-to-side leveling is needed—opt for the 4-way (fore/aft and side-to-side) model, designed to drill precise perpendicular holes even on uneven ground.

PART NUMBERS	105700-25	105702-25
MODEL	MS1 2-WAY	MS1 4-WAY
OUTPUT SHAFT	2" HEX	2" HEX
MOUNT	MINI UNIVERSAL	MINI UNIVERSAL
WEIGHT	136 LBS	145 LBS

KEY FEATURES

- ◆ Convertible axis for 2-way or 4-way swing option
- ◆ Designed for loaders less than 20 HP
- ◆ Recommended flow: 6-16 GPM
- ◆ Compact high torque gearbox and geroler hydraulic motor
- ◆ 2-piece shaft design ensuring maximum side load ratings
- ◆ 2" hex shaft
- ◆ 5-year gearbox warranty, 3-year motor warranty, and lifetime shaft pull-out warranty, 1-year mount and workmanship warranty
- ◆ Mini Universal Mount
