

AUXILIARY PUMP FOR PTO

The Blue Diamond® Auxiliary PTO Pump is designed for tractors with limited hydraulic power and offers constant 11.4 GPM hydraulic flow and a 20 gallon reservoir. The pump comes with a 3 point hitch frame, and is simple to connect to most tractors. Perfect for tractor mounted augers, log splitters, and broom attachments.

FEATURES INCLUDE

- 20 gallon fluid reservoir to help keep pump and equipment run at cooler temperatures
- Pump produces constant 11.4 gpm hydraulic flow (non-adjustable)
- Oil sight and temperature gauge on reservoir
- Pressure relief valve for hydraulic system protection
- Heavy duty frame acts as a ballast
- Filled weight is 400 lbs
- 2-year warranty

PART NUMBER	MODEL	WEIGHT
403000	Flow Pump W/ 3 Point Hitch Mount	400 lbs
