

# PUSH BROOM

## HEAVY DUTY - FORKLIFT

The **Blue Diamond® Forklift Push Broom** transforms your forklift into an efficient cleanup machine for warehouses, loading docks, manufacturing plants, shipping terminals, and industrial facilities. Available in 60-inch, 72-inch, and 96-inch widths, it features 11 rows of replaceable polypropylene bristles that sweep dust, gravel, packaging debris, metal shavings, and light snow while producing significantly less dust and no flying debris compared to rotary brooms.

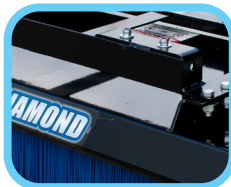

Built with an industrial-strength steel frame and requiring no hydraulics or moving parts, the Blue Diamond Forklift Push Broom delivers years of dependable, low-maintenance performance. An optional magnetic pickup kit for 60-inch and 72-inch models makes cleanup even more effective by collecting nails, screws, steel banding, and other ferrous debris.

Forklift-compatible mounting system

Heavy duty - 11 rows of replaceable poly brush sections

Industrial-strength steel construction

### KEY FEATURES

- ◆ Available in 60", 72", and 96" working widths
- ◆ Forklift-compatible mounting system
- ◆ Fork Pocket Tolerance 8.375" x 15.5"
- ◆ 11 rows of replaceable and reversible polypropylene brush sections
- ◆ Sweeps dust, sand, gravel, packaging debris, metal shavings, and light snow
- ◆ Safe around employees, equipment, inventory, and vehicles
- ◆ Produces significantly less dust than rotary brooms with no flying debris
- ◆ No hydraulics or auxiliary power required
- ◆ Push or pull operation
- ◆ Industrial-strength steel frame with powder-coated finish
- ◆ Virtually maintenance free
- ◆ One-year warranty
