

PUSH BROOM

HEAVY DUTY - SKID STEER

The **Blue Diamond® Heavy Duty Skid Steer Push Broom** is a low-maintenance cleanup attachment designed to sweep dirt, gravel, dust, mulch, leaves, standing water, and light snow without producing the flying debris common with rotary brooms. Available in 60-inch, 72-inch, and 96-inch widths, it features 11 rows of replaceable polypropylene bristles, industrial-strength steel construction, and requires no auxiliary hydraulics.

Designed for construction, municipal, industrial, and property maintenance applications, the Heavy Duty Push Broom delivers dependable year-round performance while minimizing maintenance costs. An optional magnetic pickup kit for 60-inch and 72-inch models adds even greater versatility by collecting nails, screws, and other metal debris during cleanup.

Universal skid steer mount

Heavy duty - 11 rows of replaceable poly brush sections

Industrial-strength steel construction

KEY FEATURES

- ◆ Available in 60", 72", and 96" working widths
- ◆ 11 rows of replaceable polypropylene brush sections
