

EXCAVATOR BRUSH CUTTER

EXTREME DUTY

Blue Diamond® Extreme Duty Excavator Brush Cutters is built for demanding land-clearing and vegetation management applications. Designed for 28,000–38,000 lb excavators, it features a high-torque 150cc piston motor, direct-drive system, and three AR400 steel blades to cut brush and trees up to 6 inches in diameter. The cutaway deck design improves access to larger material while delivering a cleaner finish in grass and vegetation.

Engineered for durability, this cutter includes a reinforced deck, 1-inch thick blade carrier, enclosed motor housing, grease-filled drive system, and bearing seal protection kit to maximize uptime and service life. Ideal for slopes, waterways, railways, utility corridors, and other hard-to-reach areas, it delivers powerful cutting performance where traditional mowing equipment cannot operate.

KEY FEATURES

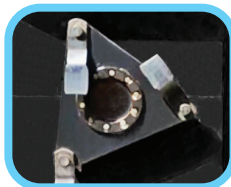

- ◆ 60" cutting width
- ◆ 6" maximum cutting capacity
- ◆ 150cc high-torque piston motor
- ◆ Three high-torque piston motor options
- ◆ Direct-drive system
- ◆ Three double-sided AR400 steel drop-down blades
- ◆ 1" thick blade carrier
- ◆ Reinforced steel deck
- ◆ Cutaway side design
- ◆ Removable debris discharge covers
- ◆ Fully enclosed motor housing
- ◆ Rear material-handling teeth
- ◆ Serrated thumb-side edge for brush and log handling
- ◆ Bearing seal protection kit under deck
- ◆ Grease-filled drive system
- ◆ Removable side access panel
- ◆ Host machine must have case drain
- ◆ 24" x 24" mount plate

Removable sides to access blades

Serrated teeth to help move debris

Three drop-down blades on a 1" thick blade carrier

PART NUMBER	103850	203028-KIT
MODEL	60" 150 CC MOTOR	60" BLADE KIT (3 - W/HARDWARE)
CUT WIDTH	60"	—
FLOW RANGE	22-30 GPM	—
WEIGHT	1,200 LBS*	31 LBS

*Attachment only. Mount weight is additional and varies by machine.
