

EXCAVATOR BRUSH CUTTER

SEVERE DUTY

Blue Diamond® Severe Duty Excavator Brush Cutters

is built for heavy-duty land clearing, forestry, and vegetation management. Designed for 38,000–60,000 lb excavators, it features high-torque piston motor options, a reinforced 1/2-inch steel deck, and three AR400 steel blades to cut trees and brush up to 7 inches in diameter.

Engineered for maximum durability, the cutter includes a grease-filled direct-drive system, 1-inch thick serrated blade carrier, bearing seal protection kit, and aggressive cutaway deck design for improved material flow and productivity. Ideal for utility corridors, railways, waterways, and large-scale land-clearing projects.

KEY FEATURES

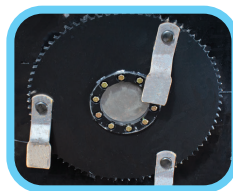

- ◆ 60" cutting width
- ◆ 7" maximum cutting capacity
- ◆ Three high-torque piston motor options
- ◆ Direct-drive system
- ◆ Three double-sided AR400 steel drop-down blades
- ◆ 3/4" thick, 4" wide cutting blades
- ◆ 1" thick blade carrier with serrated edge
- ◆ 1/2" reinforced steel deck
- ◆ Cutaway side design for improved access to larger material
- ◆ Removable debris discharge covers expose additional blade area
- ◆ Fully enclosed motor housing and removable side access panel
- ◆ Rear material-handling teeth
- ◆ Serrated thumb-side edge for moving logs & brush
- ◆ Bearing seal protection kit under deck
- ◆ Grease-filled drive system dramatically improves bearing life
- ◆ Case drain required
- ◆ 24" x 24" mount plate

Removeable sides to access blades

Serrated teeth to help move debris

Three dropdown blades on a 1" thick blade carrier
