

MINI EXCAVATOR BRUSH CUTTER

HEAVY DUTY

Blue Diamond® Heavy Duty Mini Excavator Brush Cutters are engineered for 6,000 to 19,000 lb mini excavators and offer 36", 42" and 50" cutting widths. The greaseable direct drive system has a 3/4" thick blade carrier that stores energy and keeps the blades cutting even in difficult conditions. These brush cutters use a 3-blade system with straight AR400 double edged blades offering a 4" cutting capacity.

APPLICATIONS INCLUDE:

- Mowing steep banks
- Mowing around ponds
- Cutting back brush on roadways and trails
- Reaching over fences and guardrails

3 link chain on 50" model

Chain guard options for 36" & 42"

3 double-sided blades on a 3/4" thick blade carrier
