

BRUSH CUTTER

HEAVY DUTY CLOSED FRONT

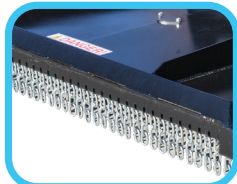

The **Blue Diamond® Heavy Duty Closed Front Brush Cutter** delivers powerful cutting performance and exceptional durability for demanding land-clearing, property maintenance, and vegetation management applications. Built around a reinforced 1/4-inch steel deck and an oil-filled direct drive system, the Heavy Duty Closed Front Brush Cutter is engineered to tackle dense grass, thick brush, and saplings up to 3 inches in diameter.

Available in 60-inch and 72-inch cutting widths, this attachment features three heavy-duty swing-away blades mounted to a steel blade carrier for maximum cutting efficiency and impact resistance. A perimeter wire and vine guard helps protect the blade carrier from wrapping debris, while the front curtain minimizes material discharge for improved safety.

Fully enclosed motor

Four link front chain to minimize discharge

Three drop-down blades for a closer cut

KEY FEATURES

- ◆ Available in 60" and 72" cutting widths
- ◆ Closed front design
- ◆ 3" diameter cutting capacity
- ◆ 3 double-sided drop-down blades on steel blade carrier
- ◆ 11-26 GPM recommended flow
- ◆ Four link front chain curtain minimizes discharge
- ◆ Perimeter wire/vine guard on blade carrier
- ◆ 1/4" reinforced steel deck
- ◆ Dual external crossover relief valves
- ◆ Fully enclosed motor cover
- ◆ 3 High torque geroler motor options 80CC, 100CC and 160CC
- ◆ Dual-direction cutting capability
- ◆ No case drain required
- ◆ Safety windshield required for operator protection
- ◆ 1-year warranty
