

MINI EXCAVATOR BRUSH CUTTER

HEAVY DUTY

Blue Diamond® Heavy Duty Mini Excavator Brush Cutters are a natural extension of our skid steer brush cutter line. The extremely rugged direct drive system has a large flywheel that stores energy and keeps the blades cutting even in difficult conditions. These brush cutters use a 3 blade system with straight AR400 double edged blades. These rugged brush cutters have proven to be top performers paired with a wide range of mini excavators.

APPLICATIONS INCLUDE:

- Land clearing
- Agriculture
- Construction
- Right-of-way maintenance

3 link chain on 50" model

Deflector shields or chain guard options for 36" & 42"

3 double-sided blades on a 3/4" thick blade carrier

KEY FEATURES

- ◆ 2 Motor Options
- ◆ 36" and 42" Have Open Deck
- ◆ 50" Has Chain Curtain
- ◆ Bi-Directional Cutting
- ◆ No Case Drain Required
