

# MINI BRUSH CUTTERS

## CLOSED FRONT

The **Blue Diamond® Mini Skid Steer Closed Front Brush Cutter** delivers powerful cutting performance and superior material control for mini skid steers. Designed to cut grass, weeds, saplings, and brush up to 4 inches in diameter, the closed front deck helps regulate material flow for a cleaner finish, making it ideal for property maintenance, parks, municipalities, commercial mowing, and vegetation management applications.

Powered by a high-torque 80cc geroler motor and a heavy-duty greaseable direct-drive system, this rugged cutter is built for long-lasting reliability. Three double-sided blades mounted on a 3/4-inch thick steel blade carrier provide aggressive cutting performance, while the reinforced 1/4-inch steel deck, fully enclosed motor cover, bi-directional cutting capability, and lifetime spindle warranty ensure years of dependable service.

### KEY FEATURES
