

MINI EXCAVATOR BRUSH CUTTER

SEVERE DUTY

Blue Diamond® Severe Duty Brush Cutter delivers unmatched cutting power for mini excavators. Designed for machines from 10,000 to 19,000 lbs, it features a 42" cutting width and tackles material up to 6" in diameter. The 80cc high-torque piston motor with oil-filled direct drive delivers maximum performance—no case drain required. With reinforced steel construction, three double-sided blades, and deck cutouts for aggressive cutting, this attachment sets the standard for mini excavator brush cutters in land clearing and vegetation management applications.

APPLICATIONS INCLUDE:

- Mowing steep banks
- Mowing around ponds
- Cutting back brush on roadways and trails
- Reaching over fences and guardrails

Open sides expose blades for more aggressive cutting

3/16" thick reinforced steel deck

3 double-sided blades on a 3/4" thick blade carrier

KEY FEATURES

- ◆ 42" cutting width
- ◆ 6" diameter cut capacity for heavy brush and small trees
- ◆ Designed for 10,000 – 19,000 lb mini excavators
- ◆ 16-26 GPM flow range for optimal performance
- ◆ 80cc high torque piston motor with oil-filled direct drive
- ◆ Three double-sided blades on a 3/4" thick blade carrier
- ◆ Deck cutouts expose blades for more aggressive cutting
- ◆ 3/16" thick reinforced steel deck for maximum durability
- ◆ Improved wire protection for drive spindle and motor
- ◆ 18" x 19" mount plate
- ◆ No case drain required

PART NUMBER	103820-2	203670-KIT	203860
MODEL	42" SEVERE DUTY W/80CC PISTON MOTOR	42" CUTTER BLADE KIT W/ HARDWARE	42" CHAIN CURTAIN KIT (2 INSERTS WITH CHAINS, REPLACES FLARE SIDES)
HOST MACHINE SIZE	10,000-19,000 LBS	—	—
MIN/MAX FLOW	16-26 GPM	—	—
CHAIN CURTAIN	OPTIONAL	—	—
WEIGHT*	718 LBS	22 LBS	65 LBS

Requires 18x19 mount, sold separately. Hoses may be longer/shorter than needed and many require modification.
