

DISPENSING BUCKET

1/2 OR 3/4 YARD CAPACITY

The Blue Diamond® Skid Steer Dispensing Bucket is great for any flowable material and works with anything ranging from a feed bucket to a concrete bucket. It is available in 1/2 or 3/4 yard sizes, and the hopper has splash guards around the top to contain material while traveling on rough terrain. The heavy duty chute is enclosed at the back to control the flow and can be removed for transportation or storage.

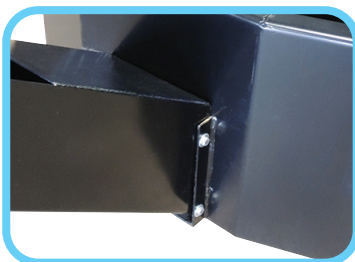

APPLICATIONS INCLUDE:

- Great for mixing, transporting, and pouring: concrete, sand, dirt, stone, feed, seed, fertilizer and any other bulk material.
- Transport raw materials, finished products, and waste.

KEY FEATURES

- ◆ Available in 1/2 or 3/4 yard capacity
- ◆ Standard chute or hydraulic door
- ◆ Splash guard
- ◆ Removable chute for easy cleaning and transport

Bolt-on chute
