

SNOW & MULCH BUCKET

MINI

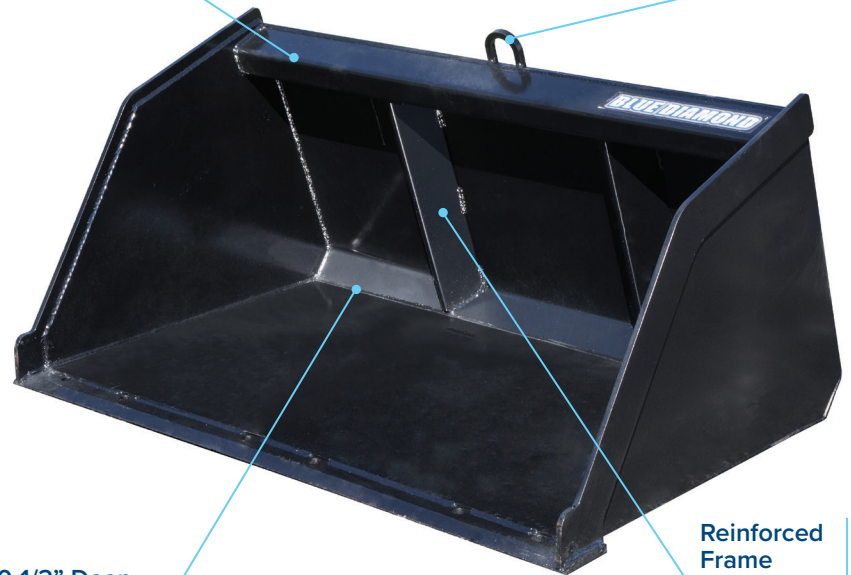

Blue Diamond® Mini Skid Steer Snow and Mulch Buckets is designed to efficiently handle snow, mulch, compost, wood chips, and other lightweight materials. Available in widths from 36" to 60", its large-capacity design helps operators move more material in less time, making it ideal for landscaping, agriculture, property maintenance, and snow removal.

Built from heavy-duty 3/16-inch steel, the bucket features a reinforced frame, 1/2-inch cutting edge, 1/2-inch wear bars, and a standard D-ring for long-lasting durability. Compatible with Mini Universal and Bobcat MT mounts, it's engineered to deliver dependable performance in demanding jobsite conditions.

22" or 26" Tall

D-Ring

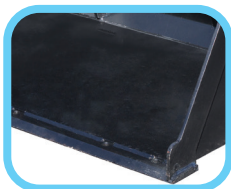

30-1/2" Deep, Front to Back

Reinforced Frame
