

STUMP BUCKET

SEVERE AND EXTREME DUTY

The **Blue Diamond® Severe and Extreme Duty Stump Buckets** are engineered to be the heaviest-duty stump buckets in the industry. Designed for maximum leverage and aggressive digging, these buckets reach far under stumps and tear through roots using serrated side teeth—making removal faster, cleaner, and more controlled.

More than just stump removal tools, Blue Diamond stump buckets are ideal for prying up fence posts, removing sidewalks and asphalt, digging ditches and swales, and handling tough demolition work. It's like having a crowbar mounted to the front of your skid steer.

Oversized Greaseable Pivot Pins

Opens to 42"

Three replaceable side pin cast teeth

Serrated teeth

Heavily gusseted quick attach w/reinforced square tubing
