

EXCAVATOR DRUM MULCHER

HEAVY DUTY

The Blue Diamond® Heavy Duty Excavator Drum Mulcher is one of the fastest ways to tear down a forest. Turn trees to wood chips in minutes using our durable drum mulcher built with high strength steel.

No job is too big or small with cutting widths 30 to 50 inches. All our drum rotors have fixed teeth set in helical position with “p-cut” depth limiters. Choose the reversible carbide teeth option for maximum tooth lifespan when working in rocky areas! And with centralized grease points and hydraulic quick couplers, you can trust that routine maintenance is straightforward and easy.

The Heavy Duty model comes with a double row of chains to keep material flowing and shield the operator from thrown debris.

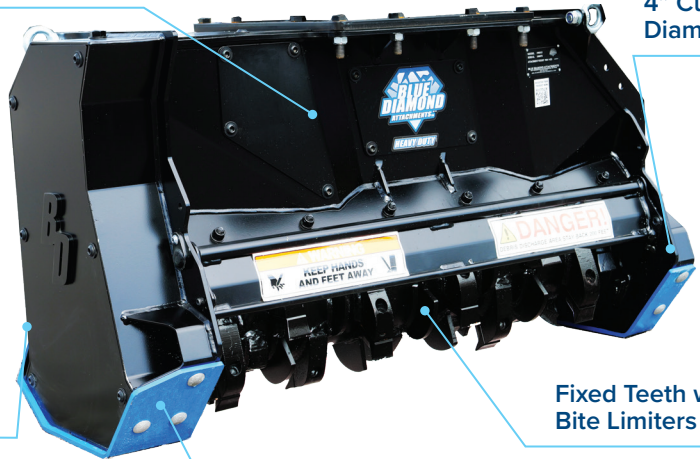

High Strength Steel

4” Cutting Diameter

Two Row of Chains

Fixed Teeth w/ Bite Limiters

Wear Resistant Steel Skids

KEY FEATURES

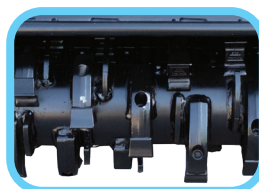

- ◆ 9,000 to 24,000 lb Excavator Size
- ◆ Available in 30”, 40”, and 50” cutting widths
- ◆ Manually adjustable 26-45cc Bosch Rexroth motor
- ◆ Recommended Flow is 11-35 GPM
- ◆ 4” diameter cutting capacity
- ◆ 18” x 19” mount plate
- ◆ Requires case drain

Manual adjustable gate

Labeled hose & grease ports

Fixed teeth with bite limiters

PART NUMBER	MODEL	TEETH	MOTOR SIZE	MIN-MAX FLOW	WEIGHT*

**Weight is without mount. Excavator Drum Mulchers do not come with hoses or couplers. Host machine requires case drain and may require additional hydraulic valve for aux flow. All these items are dealer responsible for time and materials. Manufacturer suggested time (MST) is 1-hour shop required to tune the mulcher to the host machine, and this time excludes all other dealer installed service items. Ask your sales rep. for detailed installation instructions.*
