

EXCAVATOR DRUM MULCHER

HEAVY DUTY

The Blue Diamond® Heavy Duty Excavator Drum Mulcher is one of the fastest ways to tear down a forest. Turn trees to wood chips in minutes using our durable drum mulcher built with high strength steel.

No job is too big or small with cutting widths up to 50 inches. All our drum rotors have fixed teeth set in helical position with “p-cut” depth limiters. Choose the reversible carbide teeth option for maximum tooth lifespan when working in rocky areas! And with centralized grease points and hydraulic quick couplers, you can trust that routine maintenance is straightforward and easy.

The Heavy Duty model comes with a double row of chains to keep material flowing and shield the operator from thrown debris.

APPLICATIONS INCLUDE:

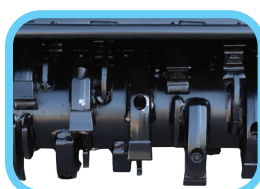

- Land Clearing
- Vegetation Management
- Right-of-way Maintenance
- Agricultural Property Upkeep
- Stump Removal
- Forestry Applications

Manual adjustable door

Labeled hose & grease ports

Bite limiters

High Strength Steel

4" Cutting Diameter

Two Row of Chains

Fixed Teeth w/ Bite Limiters

Wear Resistant Steel Skids

KEY FEATURES

- ◆ Available in 30" to 50" cutting widths
- ◆ Adjustable displacement 26-45cc piston motor
- ◆ Required pressure 2,600-4,000 PSI
- ◆ 4 XPR drive belts
- ◆ Chain curtain minimizes discharge
- ◆ Input counterblade that is adjustable & bolted for easy replacement
- ◆ Brush rake and hose protection cover options available
- ◆ Requires case drain, hoses & couplers

**Weight is without mount. Excavator Drum Mulchers do not come with hoses or couplers. Host machine requires case drain and may require additional hydraulic valve for aux flow. All these items are dealer responsible for time and materials. Manufacturer suggested time (MST) is 1-hour shop required to tune the mulcher to the host machine, and this time excludes all other dealer installed service items. Ask your sales rep. for detailed installation instructions.*
