

# EXCAVATOR DRUM MULCHER

## SDX

The Blue Diamond® SDX Excavator Drum Mulcher is the one of the quickest ways to turn trees into wood chips in a matter of minutes. Our most durable drum mulcher is built with high strength steel and recommended for 49,000 to 70,000 lb excavators.

With a maximum cutting diameter of 12 inches, no job is too tough! Our drum rotors have fixed teeth set in a helical position with “p-cut” depth limiters. The optional reversible carbide teeth are a must when working in rocky areas because it offers a maximum tooth lifespan. Routine maintenance is quick and easy with the centralized grease points and hydraulic quick couplers.

Two double rows of chains and rubber side shields on our SDX Drum Mulchers provide maximum protection of debris while also keeping the material flowing.

### APPLICATIONS INCLUDE:

- Land Clearing
- Vegetation Management
- Right-of-way Maintenance
- Agricultural Property Upkeep
- Stump Removal
- Forestry Applications

High Strength Steel

12" Cutting Diameter

Two Double Rows of Chains

Fixed Teeth w/ Bite Limiters

Wear Resistant Steel Skids

### KEY FEATURES

- ◆ Available in 60" cutting width
- ◆ Variable displacement 80 - 115cc bent axis piston motor
- ◆ Required pressure 4,000-5,500 PSI
- ◆ Chain curtain minimizes discharge
- ◆ Hydraulic adjustable gate
- ◆ 24" x 24" mount plate
- ◆ Requires case drain, hoses & couplers

Adjustable hydraulic gate

Labeled hose ports

Centralized grease ports

Easy drive belt access

Fixed teeth with bite limiters

PART NUMBER	MODEL	TEETH	MOTOR SIZE	MIN-MAX FLOW	WEIGHT*
190620	60" HD Excavator Drum Mulcher 49K-70K	Chipping	80-115CC	45-58 GPM	3,000 lbs

\*Weight is without mount. Excavator Drum Mulchers do not come with hoses or couplers. Host machine requires case drain and may require additional hydraulic valve for aux flow. All these items are dealer responsible for time and materials. Manufacturer suggested time (MST) is 1-hour shop required to tune the mulcher to the host machine, and this time excludes all other dealer installed service items. Ask your sales rep. for detailed installation instructions.
