

EXCAVATOR DRUM MULCHER

SDX

The Blue Diamond® SDX Excavator Drum Mulcher is the one of the quickest ways to turn trees into wood chips in a matter of minutes. Our most durable drum mulcher is built with high strength steel and recommended for 49,000 to 70,000 lb excavators.

With a maximum cutting diameter of 12 inches, no job is too tough! Our drum rotors have fixed teeth set in a helical position with “p-cut” depth limiters. The optional reversible carbide teeth are a must when working in rocky areas because it offers a maximum tooth lifespan. Routine maintenance is quick and easy with the centralized grease points and hydraulic quick couplers.

Two double rows of chains and rubber side shields on our SDX Drum Mulchers provide maximum protection of debris while also keeping the material flowing.

APPLICATIONS INCLUDE:

- Land Clearing
- Vegetation Management
- Right-of-way Maintenance
- Agricultural Property Upkeep
- Stump Removal
- Forestry Applications

High Strength Steel

12" Cutting Diameter

Two Double Rows of Chains

Fixed Teeth w/ Bite Limiters

Wear Resistant Steel Skids

KEY FEATURES

- ◆ Available in 60" cutting width
- ◆ Variable displacement 80 - 115cc bent axis piston motor
- ◆ Required pressure 4,000-5,500 PSI
- ◆ Chain curtain minimizes discharge
- ◆ Hydraulic front cover
- ◆ Requires case drain

Hydraulic door

Labeled hose ports

Grease ports

Drive belt hydraulic door

Bite limiters

PART NUMBER	MODEL	MOTOR SIZE	MIN-MAX FLOW	WEIGHT*
190620	60" HD Excavator Drum Mulcher, fits 49K-70K Machines	80-115CC	45-58 GPM	3,000 lbs

*Weight is without mount. Hoses not included. Requires case drain.
