

EXCAVATOR DRUM MULCHER

SEVERE DUTY

The Blue Diamond® Severe Duty

Excavator Drum Mulcher is one of the fastest ways to tear down a forest. Turn trees to wood chips in minutes using our durable drum mulcher built with high strength steel.

No job is too big or small with cutting widths up to 50 inches. All our drum rotors have fixed teeth set in helical position with “p-cut” depth limiters. Choose the reversible carbide teeth option for maximum tooth lifespan when working in rocky areas! And with centralized grease points and hydraulic quick couplers, you can trust that routine maintenance is straightforward and easy.

The Severe Duty model comes with two double rows of chains and rubber side shields to keep material flowing and to provide maximum protection from thrown debris.

APPLICATIONS INCLUDE:

- Land Clearing
- Vegetation Management
- Right-of-way Maintenance
- Agricultural Property Upkeep
