

GRAPPLE BUCKET

SEVERE DUTY

Built with years of input from demolition contractors and recyclers, the **Blue Diamond® Severe Duty Grapple Bucket** is engineered for compact loaders and skid steers 50 HP and up. Designed to handle heavy, irregular, and bulky materials, this grapple bucket combines durability, versatility, and superior gripping power to tackle the toughest jobs.

With working widths from 72" to 84", operators can efficiently handle storm debris, construction clean-up, and recycling materials without sacrificing stability or control. Its innovative design features dual reinforced hydraulic clamps, 3/4" thick steel top tines, no-pinch hose routing, and bolt-on sides and edges, making it one of the most effective and durable grapple buckets in the industry.

KEY FEATURES

- ◆ 72" to 84" working widths
- ◆ Up to 14 cubic foot capacity
- ◆ Bolt-on sides and punched edge for bolt-on edges
- ◆ Dual independent hydraulic clamps for secure material handling
- ◆ Reinforced cylinder covers for added protection
- ◆ Protected hoses with no-pinch hose routing
- ◆ Maximum grapple opening: 34"
- ◆ 3/4" thick steel top tines for durability
- ◆ Greaseable 1" pivot pins for long service life
- ◆ Rated for machines up to 50 HP and greater
- ◆ Maximum hydraulic pressure: 2,500 PSI
- ◆ Flat face couplers included
- ◆ Universal Skid Steer or JD 400/500 mounts available
