

GRAPPLE FORK HEAVY DUTY

The **Blue Diamond® Heavy Duty Grapple Fork** combines pallet forks with a hydraulic grapple to securely handle pallets, logs, brush, pipe, lumber, and other irregular materials. Featuring a **4,000-pound lifting capacity**, adjustable cylinder mounting, three-position tine spacing, and a heavy-duty 48-inch grapple, it provides exceptional versatility for construction, landscaping, agriculture, and municipal applications.

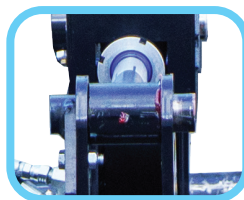

Built with greaseable pivots, protected hydraulics, reinforced steel construction, and a universal skid steer mount, the Heavy Duty Grapple Fork delivers dependable performance while reducing manual handling and increasing productivity on every jobsite.

APPLICATIONS & BENEFITS:

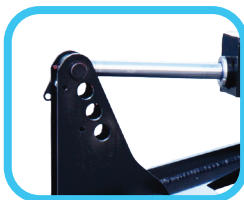

- Handle a variety of materials including brush, logs, pallets, and pipes
- Top clamp allows secure gripping of irregular loads
- Multiple tine lengths offer customizable load handling
- Ideal for construction, landscaping, and material handling tasks

3-position tine width adjustment

Greaseable pivot points

4-position top clamp

Protected Hydraulic Cylinder Cover

1/2" Reinforced Steel Grapple Side Plates

Greaseable Pivot Points

4,000 lb Capacity

3-Position Tine Width Adjustment

4-Position Adjustable Top Clamps

KEY FEATURES

- ◆ 4,000 lb lifting capacity
- ◆ Recommended hydraulic flow: 6–16 GPM
- ◆ Designed for machines up to 75 horsepower
- ◆ 45" width frame standard, with optional 60" wide frame
- ◆ Heavy-duty 48-inch hydraulic top clamp
- ◆ Reinforced 1/2-inch steel grapple side plates
- ◆ Adjustable four-position cylinder mounting for improved clamping versatility
- ◆ Three-position fork tine width adjustment
- ◆ Compatible with standard Class II pallet fork tines
- ◆ Fork tine lengths: 48", 60", 72", 84", 96"
- ◆ Protected hydraulic cylinder cover
- ◆ Greaseable pivot points for long service life
- ◆ Includes hydraulic hoses and flat-face couplers with protective sleeve
- ◆ Universal skid steer mount
