

GRAPPLE FORK

SEVERE DUTY

The **Blue Diamond® Severe Duty Grapple Fork** combines the lifting capability of heavy-duty pallet forks with the security of a powerful hydraulic grapple for handling logs, pallets, pipe, railroad ties, brush, and other oversized materials. Featuring a **10,000-pound lifting capacity**, Class III fork compatibility, adjustable cylinder mounting, and a reinforced frame, it's built for demanding commercial applications.

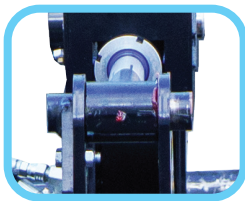

Designed for skid steers and compact track loaders up to 100 horsepower, the Severe Duty Grapple Fork includes greaseable pivots, protected hydraulics, reinforced steel construction, and a universal skid steer mount to deliver dependable performance in construction, forestry, demolition, agriculture, and utility work.

APPLICATIONS & BENEFITS:

- Handle heavy logs, pallets, pipes, and industrial loads
- Adjustable top clamp provides secure material control
- Multiple tine widths and lengths allow customized lifting solutions
- Engineered for construction, forestry, demolition, and industrial operations

3-position tine width adjustment

Greaseable pivot points

4-position top clamp

Protected Hydraulic Cylinder Cover

Greaseable Pivot Points

10,000 lb Capacity

3-Position Tine Width Adjustment

1/2" Reinforced Steel Grapple Side Plates

4-Position Clamp Adjustment

KEY FEATURES

- ◆ 10,000 lb lifting capacity
- ◆ Recommended hydraulic flow: 6–16 GPM
- ◆ Designed for machines up to 100 HP
- ◆ Heavy-duty 48-inch hydraulic top clamp
- ◆ 45" width reinforced frame
- ◆ Reinforced 1/2-inch steel grapple side plates
- ◆ Adjustable four-position cylinder mounting for optimized clamping performance
- ◆ Three-position fork tine width adjustment
- ◆ Compatible with standard Class III pallet fork tines
- ◆ Multiple fork tine lengths: 48", 60", 72", 84", 96"
- ◆ Protected hydraulic cylinder cover
- ◆ Greaseable pivot points for long service life
- ◆ Includes hydraulic hoses and flat-face couplers with protective sleeve
- ◆ Universal skid steer mount

PART NUMBER	106012
MODEL	GRAPPLE FORK, FRAME ONLY (SELECT TINES)
TINES	Class III
CAPACITY	10,000 LBS
WEIGHT	850 LBS

Requires two Class III tines.
