

GRAPPLE RAKE

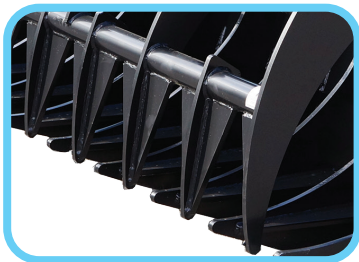

HEAVY DUTY

The Blue Diamond® Heavy Duty Grapple Rake for skid steers is a great alternative to a root grapple when visibility is important. Our Grapple Rakes are ideal for picking up rocks, logs, brush, or other debris quickly. The shape of the grapple makes it easy to roll debris into tight places. This grapple rake features a single top clamp and 1/2" tines. It fully opens to 52". The heavy duty grapple rakes are not rated for machines over 65 HP.

APPLICATIONS INCLUDE:

- Debris removal
- Land clearing
- Material handling
- Landscape project
- Demolition work
- Fire prevention and management
- Agricultural operations
- Waste management

1/2" thick tines

Pivot points have grease ports
