

GRAPPLE RAKE

HEAVY DUTY

The **Blue Diamond® Heavy Duty Grapple Rake** delivers outstanding visibility and strong debris-handling performance, making it an excellent alternative to a root grapple for cleanup and land-clearing work.

Its durable 1/2" tines, reinforced single top clamp, and solid-back frame ensure reliable strength, while the rake's shape allows operators to easily roll material into tight spaces. With a wide 51" grapple opening and heavy-duty hydraulic cylinders, this attachment quickly grabs and moves rocks, logs, brush, and other debris.

Designed for skid steers up to 65 HP and available in 63", 72", and 84" widths, it offers the proven durability and efficiency expected from Blue Diamond®.

KEY FEATURES

- ◆ Available in 63", 72", and 84" widths
- ◆ Single top clamp with reinforced cross tubes
- ◆ Large 51" grapple opening for oversized materials
- ◆ Heavy duty 2" x 10" hydraulic cylinders with greaseable 1" pivot pins
- ◆ Eight (8) heavy duty 1/2" tines spaced 10" apart
- ◆ Solid-back frame design for strength
- ◆ Universal quick-attach mount fits most skid steers & compact loaders
- ◆ Recommended for machines up to 65 HP
- ◆ Built in the U.S.A.

Greaseable 1" pivot pins

2" x 10" heavy duty hydraulic cylinders

Eight heavy duty 1/2" tines
