

GRAPPLE RAKE

SEVERE DUTY

The **Blue Diamond® Severe Duty Grapple Rake** is engineered for the toughest land-clearing, demolition, and material-handling applications.

Designed for skid steers and track loaders, this rake features replaceable cast teeth, greaseable pivot points, fully enclosed cylinder guards, and heavy-duty American-made cylinders for long-term reliability.

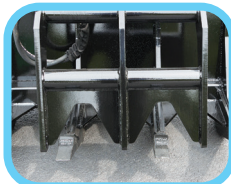

Built from American-made steel with massive 3/4" and 1-1/2" thick components, this grapple delivers unmatched durability and performance for professional operators. Its dual, independently operating top clamps and optimal tine spacing make it ideal for moving logs, rocks, brush, scrap, storm debris, and irregular materials.

Greaseable 1 1/4" pivot pins

2" x 10" heavy duty hydraulic cylinders w/covers

Eight heavy duty 1/2" tines
