

HAY ACCUMULATOR GRAPPLE

Our Blue Diamond® Hay Accumulator Grapple is the most efficient attachment out there for collecting hay bales. It allows you to gather 8-10 square bales at a time and transport them quickly and easily with your skid steer. The grapple can also be used to load and unload trailers or stack piles of hay, making this attachment a priceless hay transportation tool. This attachment makes gathering and organizing hay a truly one tool job, saving you time and money and making your life that much easier!

FEATURES INCLUDE

- Stack bales or load trailers
- Able to carry 8 to 10 square bales of hay
- 2 x 6 cylinder
- 9 inch hooks
- Radial bearings
- Adjustable with sides
