

LANDSCAPE RAKE

STANDARD DUTY

The **Blue Diamond® Standard Duty Landscape Rake** works well for cleaning and preparing sites for seeding. It can spread rocks, move debris, and reshape soil.

Designed for use by landscapers and contractors, it will meet the demands required for golf course maintenance, terracing hillsides, shaping run-off control ditches, and preparing areas for reforestation.

The rakes feature a 5-position angle adjustment, are available in 72" and 84" widths and are compatible with a Category 1 quick hitch.

KEY FEATURES

- ◆ Great for all types of landscape and clean up work
- ◆ 5-position angle adjustment
- ◆ Category 1 hitch
- ◆ 2-year warranty
- ◆ Rated for tractors with 25-45 HP
- ◆ 3/8" A-Frame material
