

LOG GRAPPLE
MINI

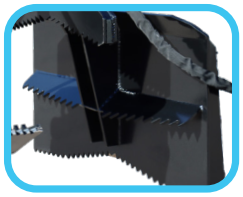

The **Blue Diamond® Mini Skid Steer Log Grapple** delivers powerful gripping performance and precise log handling in a compact, heavy-duty design. Featuring a 2,000 lb lifting capacity, 63” maximum opening, and aggressive serrated gripping surfaces, this attachment securely handles logs, tree limbs, and timber during land clearing, tree removal, and forestry operations. Available with manual or hydraulic rotation, the Mini Log Grapple features a reinforced stabilization brace, heavy-duty welded cylinder, and protected hydraulic components for dependable performance in demanding environments.

Serrated clamps to hold onto large logs

Serrated quick attach for load stabilization

Hose shield to protect hoses against flying debris
