

MATERIAL ROLLER

Your workday just got a lot easier. Introducing the **Blue Diamond® Skid Steer Material Roller**. Precisely crafted and ruggedly built, the material roller will not only lighten your load but will also cut your crew requirements by almost half. From loading to unloading the flatbed to laying down roll after roll, any project will get done faster with less physical effort with the material roller.

Pivot arm locks for storage

Hydraulic actuator

Retaining collar with quick pin

KEY FEATURES

- ◆ Pivot arm locks for storage and transport
- ◆ Pivot arm adjustable stop allows for below horizontal operation
- ◆ Quickly and easily mounts on any skid steer with the universal skid steer mount
- ◆ Hydraulic actuator allows the stem to swing 180° left or right, 115° up, and 8° down
- ◆ Detachable stem available in 4 lengths & 2 stem diameters
- ◆ Retaining collar with quick pin keeps material perfectly positioned on the stem

PART NUMBER	174005
HEIGHT W/OUT STEM	19"
WIDTH W/OUT STEM	45 1/2"
LENGTH W/OUT STEM	68"
WEIGHT W/OUT STEM	530 LBS
