PN-101155

The Blue Diamond® Heavy Duty Material Spreader is the most efficient way to spread material! Simply use the hopper like a bucket to scoop your material and then turn on the hydraulics to spread up to 30' wide. The Blue Diamond® Multi-Use Spreader can be used on skid steers as well as on most tractors or trucks with a 2" trailer receiver. The heavy duty hopper has a 4.75 cu ft capacity and holds 460 lbs of salt.

18 cu/ft
