

MULTI-PURPOSE BLADE

MINI

The **Blue Diamond® Mini Series Multi-Purpose Blade** for mini skid steers is great for snow and light dirt work. At 22" tall, this blade is a great fit for most users and has an optional 8" height extension that can be bolted on for high-volume applications. The curved back keeps the material rolling for maximum efficiency. Adjustable skid shoes allow the cutting edge to land perfectly every time. The full-trip moldboard protects the operator and equipment from hidden obstacles or curbs.

These blades have a trip-lockout pin that can be installed when using the blade for dirt applications. The standard blade is a manual angle with an optional hydraulic angle kit available.

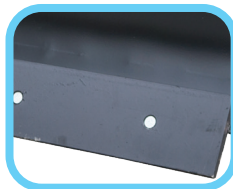

Tilt blade ends up or down 10 degrees on each side for variable slope and/or 30 degree rotation to the right or left for a changed cut angle.

Skid shoes protect the blade

Hydraulic angle kit is optional. Blade tilts up to 10° and angle up to 30°

Replaceable 1/2" steel cutting edge

Optional Height Extension

Hydraulic Angle up to 30°

1/2" Steel Cutting Edge

10-Gauge Rolled Steel Moldboard

Skid Shoes

KEY FEATURES

- ◆ Available in 48" and 60" widths
- ◆ 22" blade height
- ◆ Blade tilt: up or down 10 degrees
- ◆ 30 degree angle: left or right
- ◆ 10-gauge rolled steel moldboard
- ◆ Heavy 1/2" replaceable steel cutting edge
- ◆ Manual blade angle standard with optional hydraulic angle kit available
- ◆ Trip lockout function for dirt work
- ◆ Wear shoes and trip springs for snow removal
- ◆ Optional Rubber Cutting Edge – 1" thick, 6" wide option minimizes wear on the plowing surface
- ◆ Optional 8 inch Blade Extension
- ◆ Mini universal and Bobcat MT mount options
