

# MULTI-PURPOSE BLADE

## STANDARD DUTY

The **Blue Diamond® Standard Duty Series 2 Multi-Purpose Blade** delivers dependable performance for snow removal and light dirt work on skid steers under 50 HP. Its 22" rolled steel moldboard provides smooth material flow, with an optional 8" height extension for added capacity. Adjustable skid shoes and a full-trip moldboard protect your machine while ensuring clean, consistent passes.

Operators can tilt the blade 10° up or down and angle it 30° left or right. Hydraulic angle system with double hydraulic cylinders for faster, more precise control. Built with a heavy 1/2" replaceable cutting edge, trip springs, and wear shoes, this blade is ready for year-round use. Available in 60", 72", and 84" widths with a universal skid steer mount.

Skid shoes protect the blade

Hydraulic tilt up to 10° and angle up to 30°

Replaceable 1/2" steel cutting edge

PART NUMBER	123410	123415	123420
STRAIGHT WIDTH	60"	72"	84"
ANGLED WIDTH	52"	62 1/4"	72 1/2"
ANGLE	30°	30°	30°
HEIGHT	22"	22"	22"
WEIGHT	405 LBS	590 LBS	900 LBS

For snow or light dirt work, trip lockout, variable down pressure, includes corner markers and oscillation.

### KEY FEATURES

- ◆ Available in 60", 72" and 84" widths
- ◆ 22" blade height with optional 8" extension for increased capacity
- ◆ Blade tilt: up or down 10 degrees
- ◆ 30-degree angle: left or right
- ◆ 10-gauge rolled steel moldboard
- ◆ Heavy 1/2" replaceable steel cutting edge
- ◆ Hydraulic angle with double hydraulic cylinders
- ◆ Trip lockout function for dirt work
- ◆ Wear shoes and trip springs for snow removal
- ◆ Optional Rubber Cutting Edge – 1" thick, 6" tall option minimizes wear on the plowing surface
- ◆ Recommended for skid steers under 50 HP
- ◆ Universal skid steer mount
