

MULTI-PURPOSE V-BLADE

MINI

The **Blue Diamond® Mini Skid Steer V-Blade** delivers powerful, year-round performance for snow, dirt, and material handling. Independent wing control lets operators switch between V-cutting, scooping, straight pushing, and 30° angled positions.

Built from heavy-duty American steel, the rolled one-piece moldboard improves strength and material flow, while adjustable depth guides and a reversible rubber cutting edge ensure precise, surface-safe operation.

Available in 48" and 60" widths, with an optional 8" height extension, this compact V-blade packs big versatility into a mini skid steer attachment.

Optional Height Extension

Multi-Position Blades

Rubber Cutting Edge

Rolled One-Piece Steel Moldboard

Skid Shoes

Adjustable skid shoes

Trip spring

Trip lockout for dirt applications

KEY FEATURES

- ◆ Available in 48" and 60" widths
- ◆ Multi-position blades – v-cut, scoop, straight, or angled (up to 30° left or right)
- ◆ 9-position - manual blade adjustment
- ◆ Quick application changeover – trip lockout for dirt applications
- ◆ Rubber cutting edge – removable, reversible, and replaceable for longer life
- ◆ Adjustable depth guides – control blade height and surface contact precisely
- ◆ Rolled one-piece steel blade – durable, stress-resistant design for superior material flow
- ◆ Rugged american-made construction – premium U.S. steel built for extreme conditions
- ◆ Optional 8" height extender
- ◆ Mini universal and Bobcat MT mount options
