

HYDRAULIC PALLET FORKS

MINI - 4,000 LB CAPACITY

The **Blue Diamond® 4,000 lb Capacity Mini Hydraulic Pallet Forks** are built tough for mini skid steer operators who demand performance and visibility. With hydraulic width adjustment and outstanding load visibility, these forks provide the strength of a full-size attachment in a compact, easy-to-handle design.

Each set is rated for up to 4,000 lbs and features solid Class 2 fork tines made from high-grade steel. With a 48-inch tine length for excellent reach and versatility, the forks hydraulically adjust from 8" to 40" on center, making it easy to handle pallets, supplies, and bulky loads of varying sizes.

Heavy-duty steel frame

Reinforced steel backrest

Dual hydraulic cylinders
