

PALLET FORKS

6,000 LB CAPACITY - TALL HEAVY DUTY

The **Blue Diamond® Tall Frame Heavy Duty Pallet Forks** are designed for demanding skid steer and compact track loader material handling. Featuring a 38-inch-tall reinforced frame, 45-inch width, 4-inch carriage bar, and lift capacities up to 6,000 lbs, these forks provide heavy-duty strength with excellent operator visibility.

The high-visibility backrest is positioned flush with the front face of the tines for added load support, while integrated side steps and a heavy-duty D-ring come standard. Multiple Class 2 adjustable tine lengths are available to match a variety of palletized, construction, agricultural, and industrial material handling applications.
