

# VIBRATING POST DRIVER SERIES 2

Do not let the size of the **Blue Diamond® Vibratory Series 2 Post Driver** fool you—this unit packs more of a punch than most hammer-style drivers on the market. By using hydraulic orbital technology, this vibratory post driver uses your machine’s auxiliary flow in the most efficient way.

Tilt function to get post straight on slopes

Tilt or Non-Tilt Options Available

Durable High-Strength Steel Construction

4" to 12" Adapters Available
