

MINI ROCK BUCKET (WITH GRAPPLE)

The Blue Diamond® Mini Rock Bucket is a great tool for sifting through rocks when you need to leave dirt and smaller material behind. The 2 1/4" tine spacing allows smaller material to fall through and contains larger rocks and other debris. These units are constructed from 3/8" material to give you the durability you need.

FEATURES INCLUDE

- Constructed from 3/8" thick material 2 1/4" spacing between tines
- 13 1/2" tall x 22 1/2" deep
- Mounts available to fit most machines
- Available in widths 36", 42", 48", and 52"
- Also available with a top grapple
