

ROOF TRUSS JIB

SKID STEER

Blue Diamond® Roof Truss Jib is designed to help operators lift and place roof trusses, beams, poles, and other elevated materials with greater reach and precision. Featuring hydraulic and manual extension capabilities, it provides an adjustable height range from 150" to 222" and up to 72" of total extension, making it ideal for construction, framing, and material handling applications.

Built from heavy-duty steel tubing and powered by a 2½" x 48" hydraulic cylinder, the Roof Truss Jib delivers dependable lifting performance with capacities up to 1,200 lbs retracted and 500 lbs fully extended. Complete with hydraulic hoses, couplers, and a universal skid steer mount, it offers a versatile and cost-effective solution for high-reach lifting tasks.

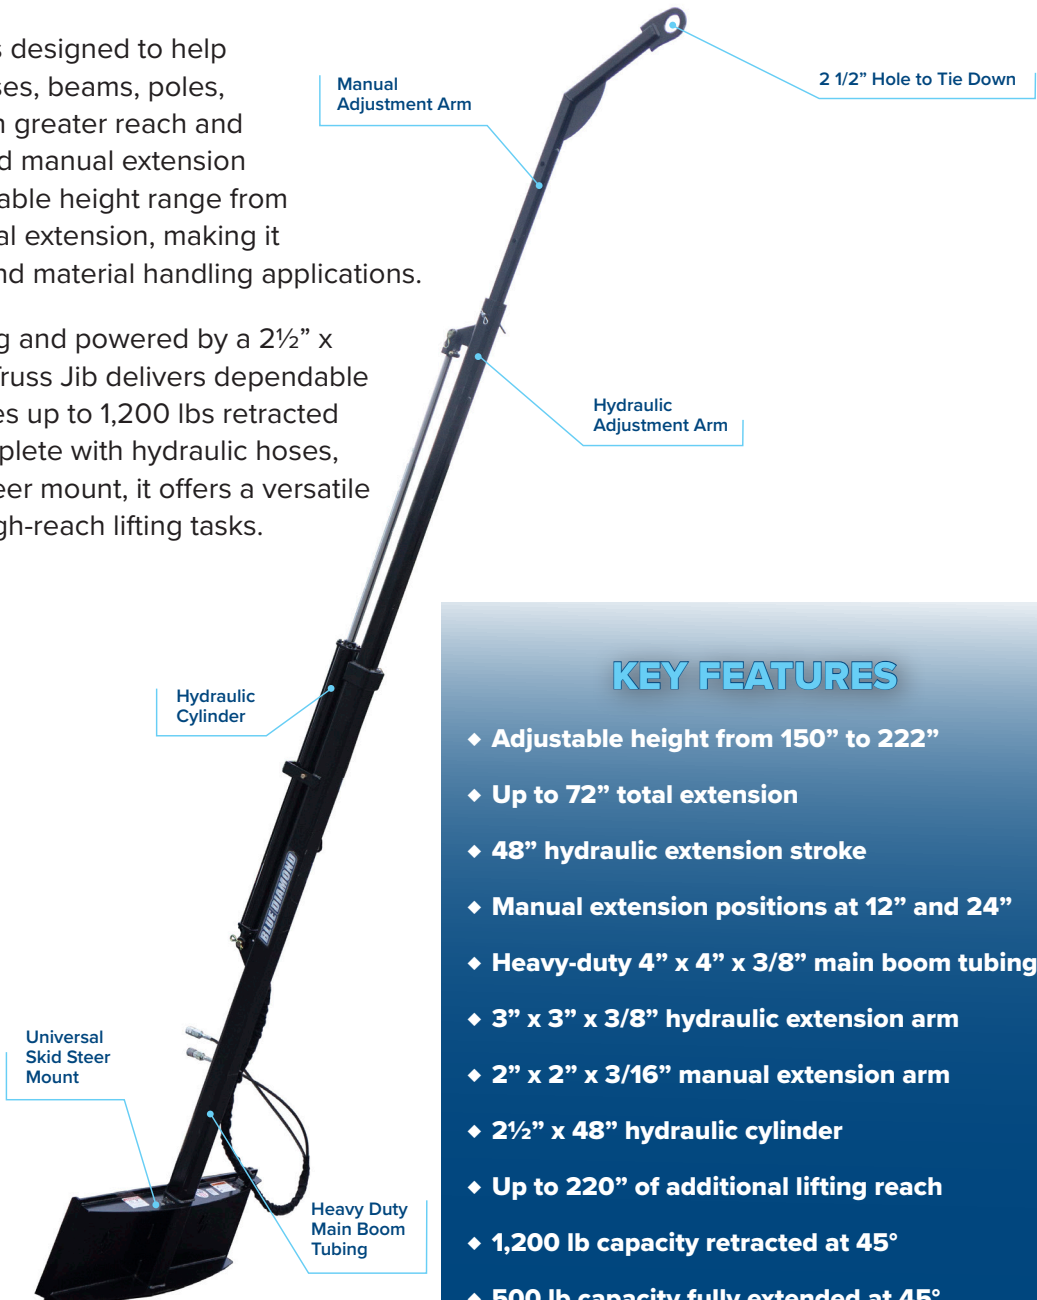

2 1/2" x 48" Hydraulic Cylinder

2 1/2" hole for chains, hooks, and straps

Heavy duty 4" x 4" x 3/8" main boom tubing

KEY FEATURES

- ◆ Adjustable height from 150" to 222"
- ◆ Up to 72" total extension
- ◆ 48" hydraulic extension stroke
- ◆ Manual extension positions at 12" and 24"
- ◆ Heavy-duty 4" x 4" x 3/8" main boom tubing
- ◆ 3" x 3" x 3/8" hydraulic extension arm
- ◆ 2" x 2" x 3/16" manual extension arm
- ◆ 2½" x 48" hydraulic cylinder
- ◆ Up to 220" of additional lifting reach
- ◆ 1,200 lb capacity retracted at 45°
- ◆ 500 lb capacity fully extended at 45°
- ◆ 2.5" hole for chains, hooks, and straps
- ◆ Hydraulic hoses and couplers included
- ◆ Universal skid steer mount

PART NUMBER	112105
MODEL	HYDRAULIC TELESCOPIC ROOF TRUSS JIB
LIFT CAPACITY	1,200 LBS RETRACTED 45° & 500 LBS FULLY EXTENDED
OVERALL LENGTH	150" RETRACTED AND 220" EXTENDED
WEIGHT	490 LBS
