

ROOT GRAPPLE

HEAVY DUTY

The **Blue Diamond® Heavy Duty Root Grapple** delivers the perfect balance of strength, weight, and performance for compact and small skid steers. With a 66" working width and a weight of 525 lbs, this grapple is engineered to maximize productivity without compromising machine stability.

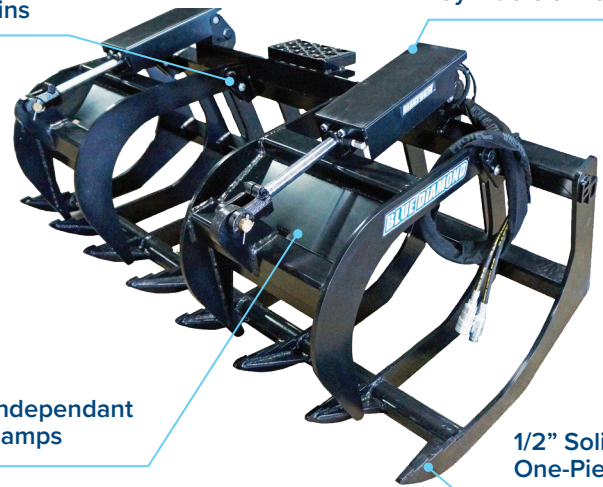

Designed for skid steers up to 65 HP or with a 2,500 lb lift capacity, this grapple offers rugged, reliable performance across a wide range of light land clearing, landscaping, and site cleanup jobs. The Heavy Duty Root Grapple features 1/2" thick, one-piece steel tines and a 3" x 3" main tube frame, providing exceptional rigidity and long-term durability. Its dual independent top clamps allow operators to secure uneven loads safely, while integrated steps on the frame make cab entry and exit safer and easier.
