

ROOT GRAPPLE

LIGHT DUTY

The **Blue Diamond® Light Duty Root Grapple** is purpose-built for small skid steers and compact track loaders with limited lift capacities. Weighing 440 lbs and measuring 60" wide, this attachment is ideal for machines up to 50 HP or with lift capacities up to 1,500 lbs and gives operators the ability to handle brush, roots, and debris efficiently—without overloading or tipping the machine.

Engineered with 3/8" one-piece steel tines and a 3" x 3" square top frame, this grapple offers exceptional durability while maintaining a lightweight profile. Dual independent top clamps, greaseable pivot pins, and protected cylinders ensure smooth operation and long service life.
