

ROOT GRAPPLE

SEVERE DUTY

When only the toughest grapple will do, the **Blue Diamond® Severe Duty Root Grapple** delivers uncompromising durability, power, and control. Designed for skid steers 50 HP and up, this grapple is purpose-built for demanding commercial and land-clearing applications—handling large logs, rocks, roots, and demolition debris with ease.

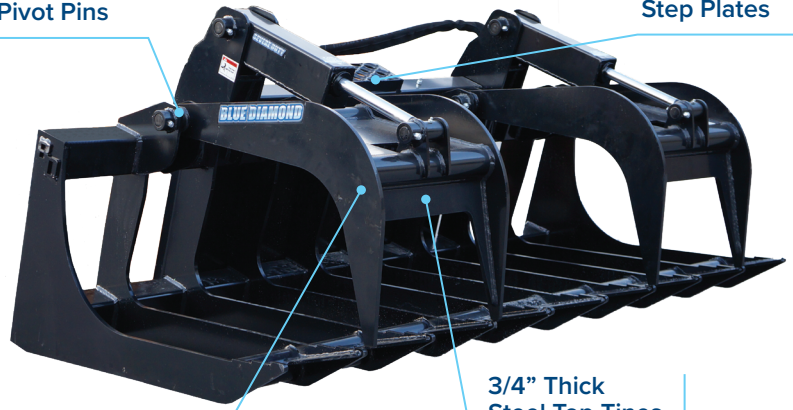

Available in 72", 78", and 84" widths, the Severe Duty model features 1/2" extra-strong, one-piece steel tines and a 3" x 3" structural tube frame, providing unmatched rigidity and resistance to twisting under load. The reinforced dual top clamp design and enclosed back plate further strengthen the frame in high-stress areas, making this grapple the professional's choice for extreme environments.
