

ROTOTILLER

LIGHT, STANDARD, & HEAVY DUTY

The Blue Diamond® Rototiller Series delivers exceptional soil preparation performance for compact and utility tractors from 20–65 horsepower. Built with a heavy-duty, gear-driven transmission and heat-treated steel tines, these 3-point tillers dig deep—up to 8 inches—to break hard-packed ground, mix organic matter, and level the soil in one pass. Available in 48” to 85” widths, Blue Diamond® Rototillers offer reliable power and precision for gardens, food plots, vineyards, orchards, and field applications. Designed for long-term durability and backed by a 2-year warranty, they’re the perfect combination of strength, efficiency, and dependability.
