

SCREENING BUCKET

SKID STEER

The **Blue Diamond® Skid Steer Screening Bucket** allows contractors to screen, separate, mix, and recycle material directly on the jobsite while reducing hauling and material replacement costs. Available in 47-inch and 60-inch models with capacities of 9.18 and 12.42 cubic feet, these versatile buckets process topsoil, aggregate, compost, mulch, wood chips, and demolition debris using flexible polyurethane star rotors that separate material without crushing or shredding.

Built with a heavy-duty shell, stainless steel non-stick floor, sealed bearings, and a maintenance-free carbon belt drive, Blue Diamond Screening Buckets deliver dependable performance in wet and dry conditions while maximizing productivity for landscaping, construction, utility, recycling, and agricultural applications.

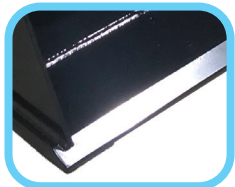

Heavy-Duty Shell Construction

Stone Guards

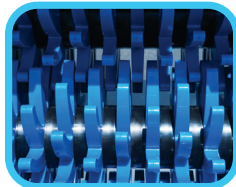

Reinforced Self-Tensioning Belt Drive

Reinforced HB400 Cutting Edge

Polyurethane Star Rotors

Reinforced cutting edge

Poly-star kits available

Comb kits available

KEY FEATURES

- ◆ Available in 47" and 60" bucket widths
- ◆ 9.18 and 12.42 cubic foot bucket capacities
- ◆ Flexible polyurethane star rotors separate material without crushing or shredding
- ◆ Carbon fiber reinforced self-tensioning belt drive
- ◆ Stainless steel non-stick bucket floor minimizes material buildup
- ◆ Heavy-duty multi-layer shell construction
- ◆ Reinforced HB400 cutting edge and wear areas
- ◆ Sealed bearings for reduced maintenance
- ◆ Hydraulic flow regulator included for optimum rotor speed
- ◆ Adjustable stripper plate improves screening performance
- ◆ Interchangeable comb kits allow multiple screening sizes
- ◆ Hoses and couplers included
- ◆ Universal skid steer mount

PART NUMBER	345010	345015
MODEL	47" HEAVY DUTY	60" HEAVY DUTY
CAPACITY	9.18 CU FT	12.42 CU FT
ROTORS	3	3
MAX FLOW	17 GPM	18 GPM
MAX PSI	2,900 PSI	2,900 PSI
WEIGHT	928 LBS	1,325 LBS
