

SNOW PUSHER

STANDARD DUTY

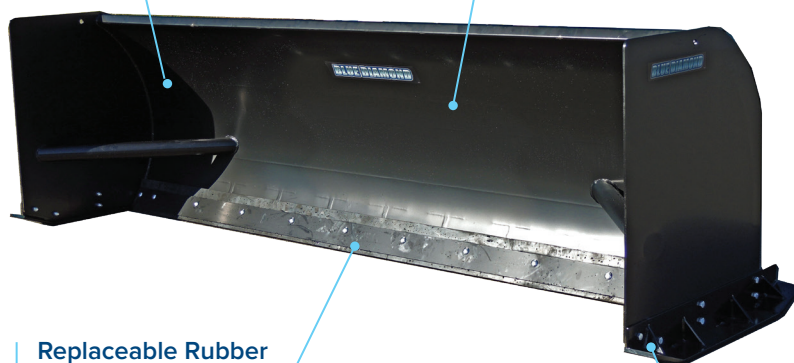

The **Blue Diamond® Standard Duty Snow Pusher** is an affordable, high-value skid steer snow removal attachment built for quick, efficient clearing. Designed for durability and ease of use, this snow pusher attachment features a heavy-duty 10-gauge moldboard, 5/16" side plates, and bolt-on replaceable wear shoes to extend service life. A rubber cutting edge provides smooth, surface-safe performance on driveways, parking lots, and paved areas.

Perfect for property owners, snow removal contractors, and municipalities, the Blue Diamond® Standard Duty Snow Pusher delivers dependable performance and excellent value for seasonal snow management.
