

SOD ROLLER SKID STEER

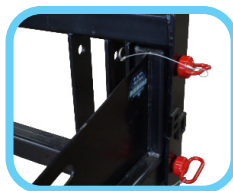

The **Blue Diamond® Skid Steer Sod Roller** makes laying large sod rolls simple. Slide the roller shaft through the center of the roll and then pick it up with the attachment and roll sod out. The sod roll can be mounted to roll out driving either forward or in reverse. This easy-to-use attachment comes in a variety of widths: 36", 42", 50", and adjustable – for use on every sod installing project. This attachment can also be used to roll out other products such as barbed wire rolls, cable, and wire.

3" square tubing

1/2" thick side wall

Side adjustment pins for the adjustable sod roller
