

# MINI STUMP GRINDER

## EXTREME DUTY

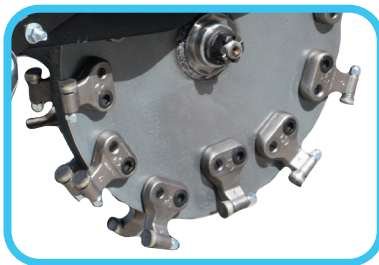

The **Blue Diamond® Mini Stump Grinder** delivers powerful stump removal in a compact design. Powered by a high-torque 60 CC piston motor, it grinds stumps in both forward and reverse for increased productivity and efficiency.

A 24" heavy-duty 1" thick grinding wheel uses dual-direction Greenteeth® for aggressive cutting and extended life. With built-in cushioning to reduce overload and simple maintenance with easy tooth rotation, this attachment turns any skid steer's hydraulic power into fast, reliable results for professional land-clearing jobs.

Shield protects from flying debris

Dual direction cutting with teeth on both sides of wheel

PART NUMBERS	104110-25	204505-KIT-LF
MODEL	24" WHEEL	24" STUMP GRINDER (24 CARBIDE TEETH AND NUTS) REPLACEMENT TOOTH KIT
MOTOR	60 CC	—
TEETH	24	—
MOUNT	MINI UNIVERSAL	—
RECOMMENDED FLOW	16-20 GPM	—
WEIGHT	608 LBS	6 LBS

### KEY FEATURES

- ◆ 24" cutting wheel with Greenteeth® 900 series carbide teeth
- ◆ High torque 60 CC piston motor
- ◆ 16-20 GPM recommended
- ◆ 16 GPM minimum for peak performance; functions reliably at 13 GPM.
- ◆ Heavy-duty 1" (25 mm) thick grinding wheel cuts 12" below ground level
- ◆ Teeth rotate 180° for extended cutting life
- ◆ Dual direction cutting with teeth on both sides of wheel.
- ◆ No electrical hookups required
- ◆ Integrated cushioning device protects wheel from overload
- ◆ Case drain line required
